

By HAL BOYLE  
With American Second Infantry  
Division In Belgium, Jan. 13 (De-  
layed) (AP)—Foxhole flashes:

Frontline troops don't have to  
read murder mysteries—they have  
one at hand. It's the case of the  
Jerry non-com.

Two doughboys, T-Sgt. George V.  
Wortman of Muskogee, Okla., and  
T-Sgt. Gene D. Weaver of Silverlake,  
Ind., found the body of a high-  
ranking German non-com tangled in  
barbed wire. The dead Jerry's  
throat was bruised as if from chok-  
ing and there also was a bruise on  
his forehead. The theory is that he  
was killed by his disgruntled soldiers.

Taken prisoner, Sgt. H. G. Cock-  
rell, Hillsboro, Texas, was ordered  
to carry a wounded Nazi piggyback  
across a field. "Somewhere along  
the way the German was knocked  
from my back by a rifle shot," re-  
lated the sergeant, who then made a  
break across 100 yards of open ter-  
ritory with two other captured  
Americans and a wounded Nazi he  
had talked into surrendering.

Arriving safely with him were  
Pfc. J. C. Webber, Westfork, Ark.,  
and Pfc. Carl M. Ruckert, Rochester,  
Penna.

#### Evacuate 20 Casualties

Two medic brothers—T-5 Earl  
E. Boltz and T-5 Arthur F. Boltz  
of Plymouth, Wis., helped evacuate  
20 casualties from a border town at  
night during some of the hottest fight-  
ing at the recent German break-  
through.

Although one forward aid station  
commanded by Maj. David P.  
Weaver, Dover, Kans., was in im-  
minent danger of being surrounded,  
he managed to get out all the litter  
cases and walking wounded with the  
assistance of T-3 William M.  
Lafond, Marquette, Mich.

The textbooks on anti-tank tactics  
don't say anything about setting  
up your guns on the third floor of  
a house but Lt. Carnot Larson of  
Pittsburgh, Pa., had his men dis-  
mantle a heavy 57 millimeter anti-  
tank gun, carry it up three flights  
and set it up in a room commanding  
a view of a road down which Nazi  
tanks were attacking.

"It worked fine," Larson said.

#### War Is Costly

What did it cost American tax-  
payers to halt the German break-  
through? Holders of War bonds may  
be interested to know that one  
group of artillery batteries on one  
sector of the 88-mile front burned  
up \$1,500,000 in the first four days  
alone, but everybody over here fig-  
ures it was money well spent.

Lt. Col. Alex J. Stuart of Nyack,  
N. Y., estimated these batteries  
used 2,375 tons of shells in repel-  
ling critical enemy counterattacks.

In civilian life S-Sgt. Raymond  
A. Flannigan pitched for the Balti-  
more Orioles and during a recent  
German counterattack he proved he  
could toss lead too.

Enemy troops forced him to pull  
back into a house from the firing  
line he had voluntarily formed to  
cover a gap in the Yankee sector.  
When two Nazis crawled to within  
15 yards and tossed grenades, the  
former moundman stepped out,  
killed both Germans and ducked  
back into the house before the  
grenades burst.

Flannigan exposed himself again  
to draw fire from a German ma-  
chinegun, enabling a buddy to lo-  
cate the Nazi and kill him with a  
rifle shot.

#### Daring Doughboys

Three doughboys risked their lives  
to provide their squad with some-  
thing warm to sleep under. Cross-  
ing a 1,000-yard open area where  
mortar shells were falling at the  
rate of five or six a minute, they got  
back with a blanket and rations for  
each man.

"We had fought all day and were  
to attack a pillbox the next morn-  
ing," said Lt. Shelby De Scott of  
Norfolk, Va., in praising the three  
volunteers. They were Pfc. Wayne  
S. White of Matton, Ill.; Staff Sgt.  
Fred R. Vocera, Crowley, Tex., and  
Pfc. Paul B. Pife of Richmond, Ky.

#### Hamilton Township Assessor Resigns

The resignation of William Frank-  
lin Haar, as tax assessor for Hamilton  
township, was accepted by the  
county commissioners at their regu-  
lar weekly meeting Wednesday at  
the court house.

Haar resigned because he is mov-  
ing from the district. No appoint-  
ment has been made to fill the va-  
cancy. The commissioners also  
made an inspection trip of the  
county home and other business  
was of a routine nature.

#### GUEST TEACHER

John G. Bernheisel, student at  
Gettysburg college, will be the guest  
teacher at the Men's Bible class at  
St. James Lutheran church Sunday  
morning at 9:15 o'clock.

#### Weather Forecast

Considerable cloudiness and not  
so cold tonight; Friday mostly cloudy  
and little warmer.

## British Push Two Miles Into Germany

### HARRY SHEELY EXPIRES AFTER LONG ILLNESS

Harry A. Sheely, 75, died at his  
home, 27 East Stevens street, this  
morning at 9 o'clock from a compli-  
cation of diseases. He had been in ill  
health for 14 months during which  
he was confined to his home. He was  
bedfast three days.

The deceased was born and always  
resided in Adams county, a son of  
the late Joseph and Medline (Stone-  
sifer) Sheely. He operated a grocery  
store at a property next to his home  
for 18 years. Mr. Sheely was steward  
at the Adams county home from 1910  
to 1920 and prior to that practiced  
farming.

He was a member of Trinity  
Evangelical Reformed church in

HARRY A. SHEELY

which he was active and served as  
an elder for a number of years until  
the time of his death. Mr. Sheely  
was a member of Good Samaritan  
Lodge No. 336, Masons, of Gettys-  
burg, and the Independent Order of  
Odd Fellows of Gettysburg.

#### Funeral On Sunday

Surviving are his widow, the for-  
mer Alberta Schwartz, with whom he  
observed his 50th wedding anni-  
versary last November 7; one daugh-  
ter, Mrs. Charles Bower, Gettysburg;  
two sons, Glenn, Baltimore, and  
Ross, Trevorton; three grandchild-  
ren; three great-grandchildren, and  
four sisters, Mrs. Laura Whalley,  
Philadelphia; Mrs. Samuel Bair and  
Mrs. Herbert Treiber, both of Han-  
over, and Miss Mary Sheely, Harris-  
burg.

Funeral services from the Bender  
funeral home Sunday afternoon at  
2 o'clock conducted by the Rev.  
Howard Schley Fox. Interment in  
Evergreen cemetery.

Friends may call at the funeral  
home Saturday evening after 7  
o'clock.

### Pvt. John Olinger In French Hospital

Pvt. John J. Olinger, son of Jen-  
nings Olinger, 137 South Wash-  
ington street, is a patient in an  
Army hospital in France where he  
is receiving treatment for a foot  
injury, his family learned in a let-  
ter received this week. They have  
received no official word of the in-  
jury and Private Olinger did not  
state how he was injured.

He had been fighting in Germany  
and Belgium and took part in the  
battles of Metz and Luxembourg.  
His brother, Pfc. George W. Olinger,  
now is stationed at Carlisle, but is  
home on furlough.

### Max Sherman Is Now In Seabees

S 1/c Max Sherman, son of Mr.  
and Mrs. Mares Sherman, East  
Middle street, is home on a brief  
leave of absence before reporting  
on the west coast for duty with the  
Seabees after having been trans-  
ferred from duty as a member of an  
armed guard crew for merchant  
ships, transports and tankers.

As an anti-aircraft gunner, he has  
made 11 ocean trips and attained  
the rank of coxswain, third class  
petty officer. He came here from  
Camp Endicott, R. I.

### Meets Two Adams Countians In France

Pfc. Philip G. Ridinger, son of  
Mr. and Mrs. Howard G. Ridinger,  
28 Fourth street, in a letter writ-  
ten December 29 from somewhere in  
France reveals he recently met two  
Adams countians in that area.

He met Charles Fridinger, of Get-  
tysburg and a brother of Lyman  
Hawbaker.

### MISS BIGGS TO WED CAPT. SLOAT

Announcement has been made of  
the engagement of Miss Marion J.  
Biggs, daughter of Mrs. Roland  
Biggs, Orrtanna, and Capt. C. A.  
Sloat, son of J. Walter Sloat, also  
of Orrtanna.

Miss Biggs graduated from Get-  
tysburg high school in 1929 and  
from Gettysburg college in 1933. She  
has been teacher of the third grade  
in the High Street school building  
for a number of years. Previously  
she taught in Hamiltonban township.

Capt. Sloat is also a graduate of  
Gettysburg high school and from  
Gettysburg college. Prior to entering  
the service in 1942, Capt. Sloat was  
associate professor in chemistry at  
Gettysburg college. He is now sta-  
tioned somewhere in Belgium.

### NO JURY CASES SCHEDULED FOR JANUARY TERM

President Judge W. C. Sheely an-  
nounced today that the petit jury  
for the January term of court will  
be dismissed as of today and will  
not be required to be present for  
the regular term session which  
opens Monday.

The order for dismissal came as  
the grand jury completed its hear-  
ings on a comparatively short trial  
list of five criminal cases. Although  
there were eight cases listed by the  
clerk of the courts last week, two  
of the defendants have pleaded  
guilty and another case was con-  
tinued.

The only two civil cases certified  
by the prothonotary's office for the  
January term will not come up, one  
having been settled and the other  
continued.

The grand jury convened this  
morning with four of its 24 mem-  
bers excused for various reasons.  
After Judge Sheely addressed the  
jurymen, District Attorney J. Fran-  
cis Yake, Jr., began his presenta-  
tion of cases to the jury to seek true  
bills against four defendants. There  
were no returns from the grand  
jury by noon.

#### Grand Jury Cases

Judge Sheely said that any of the  
defendants against whom true bills  
are found may either elect to have  
a trial without jury next week or  
else may have their cases continued  
to the April term.

He ordered the sheriff to notify  
all of the petit jurors of the can-  
cellation of service for this term of  
court.

During the morning the final ac-  
counts in eight estates were heard  
and confirmed and distribution ap-  
proved.

The cases scheduled for hearing  
by the grand jury this morning in-  
cluded: Paul Chronister, Hampton,  
charged with malicious mischief; C.  
M. McElhane, York, drunken driv-  
ing; Earl S. Bittinger, Cross Keys,  
assault and battery and desertion  
and non-support; and Merle W.  
Kemper and Luke Prymyer, Little-  
town R. D., charged with burglary.

#### Settle Civil Suit

A case against Ervin A. Sauble,  
New Oxford R. 2, charged with a  
serious offense, was continued, Paul

### REFORMEDS AT ANNUAL MEET

Members were elected to the  
boards of elders and deacons of  
Trinity Evangelical and Reformed  
church for three-year terms at the  
annual meeting which followed a  
congregational supper Wednesday  
evening in the church building.

Elmer Yoder, Biglerville, and  
Russell M. Spangler, Gettysburg  
R. 4, were elected as elders and  
Robert Sheads, Sr., and Donald  
Myers, both of Gettysburg, were  
chosen as deacons. Clair P. Kime  
was elected a deacon to serve the  
unexpired term of Glenn Guadel,  
now serving in the Marines.

The Rev. Howard S. Fox presented  
his fifteenth annual report as  
pastor of the church and these other  
reports were given: Mrs. Guyon E.  
Buehler, for the Church school; Mrs.  
H. S. Fox for the Women's Guild;  
Mrs. W. Preston Hull, for Zwingli  
circle; Miss Helen Culp for Trinity  
Circle; Mrs. Clyde Spangler for  
Barkley circle; Mrs. Donald Fissel  
for Altar guild; Russell Rohrbaugh,  
Men's Bible class, and Clyde Spang-  
ler for the Fidelis class. All reports  
showed treasury balances.

The meeting was opened by the  
singing of the doxology and prayer  
by the pastor at 7:30 o'clock. At  
6:30 p. m., the members of the  
Zwingli circle served a roast chicken  
dinner to 70 members of the con-  
gregation.

## Shellfire, Bayonets Repulse Foe; Soviets Storm Into Naziland

By JAMES M. LONG

Paris, Jan. 18 (AP)—British troops in-  
vaded Germany at a new point today in a  
two and a half mile advance from Holland  
toward the Roer river, sweeping through four  
villages and reeling the Germans back with  
shellfire and bayonets.

In the Ardennes salient to the south, the  
U. S. First Army attacked less than four  
miles from St. Vith, four miles from the  
Reich. The Third Army mopped up Nazis  
trapped before the Siegfried line in Germany  
near Nennig, 12 miles south of Luxembourg  
city.

But above Strasbourg, the reinforced and  
increasingly aggressive Germans lengthened  
their narrow cross-Rhine bridgehead to nine  
miles and captured Statmmatten and Dengol-  
sheim, 15 miles northeast of the Alsatian  
capital. The U. S. Army, however, won ad-  
jacent Sessenheim, fought into the streets of  
Herrlisheim and beat down attacks at Hatten.

The white-caped Britons captured Susteren,  
Echt, Overind and Overhaven in the  
Dutch panhandle. They swept on across the  
frontier in a hook shaped tip of Germany  
northeast of Sittard in an area about eight  
miles from the Roer, 28 from Munchen Glad-  
bach (127,000) and 34 from Germany's 11th  
city of Dusseldorf (540,000).

Echt is seven miles north of Sittard;  
Overhaven a half mile north.  
Susteren and Overind are between  
and east of Maeseyck. Dieteren was  
captured yesterday. By a trick of  
boundaries, the British will have to  
again pass through a sliver of the  
Netherlands before reaching the  
Roer, guarded to the south by the  
U. S. 9th Army.

#### Extends Assault

Sir Miles' new assault still was  
comparatively small, but was being  
extended. His main force was on a  
2,000-yard front; it was gathering  
momentum behind Flailing, mine-  
bursting tanks. The Germans were  
pouring in reinforcements and com-  
mitting some armor.

The two-day curtain of fog be-  
gan to lift slowly after dawn, prom-  
ising air support.

The First Army, perhaps by now  
fighting again under command of  
Lt. Gen. Omar N. Bradley in the  
re-merged 12th Army group, cap-  
tured Recht and high ground east  
of Vielsalm as it pressed upon St.  
Vith, last large Belgian road center  
still in German hands.

The closest approach to the junc-  
tion of two railroads and seven  
highways funneling into the Siegfried  
line was in the Recht area.

Lt. Gen. George S. Patton's Third  
Army captured Bourcy and Hardigny,  
on the south side of what was the  
Belgian bulge. The Army con-  
tinued exploratory jabs inside Ger-  
many along the Moselle Valley.

#### Germans Lose Shelters

British Mosquito planes all night  
long supported the Tommies  
aground, freezing out enemy re-  
serves backing up the line east of  
the Maas (Meuse) and west of the  
Roer. Towns behind the battleline  
were burned and Germans lost their  
shelter in the bitter cold.

Swinging north from Dieteren,  
the British advanced up a narrow  
road east of the Juliana canal,  
seized Echt and then wheeled south  
to link up with other forces ad-  
vancing from Susteren.

The First and 30th (Old Hick-  
ory) divisions of Lt. Gen. Courtney  
H. Hodges' First army moved south  
upon St. Vith side by side through  
snowdrifts turning to muck and  
against bitter opposition from dug  
in Germans.

It still was touch and go on the  
Seventh Army front across north-  
eastern France. Gen. Hermann  
Balck's first and 19th German Ar-  
mies were throwing harder and  
harder blows in attempts to retain  
the initiative against Lt. Gen. Alex-  
ander M. Patch, hero of Guadal-  
canal. Most blows were stopped cold.

#### Bitterest Battle

The bitterest battle was at Hatten,  
a bolt in the old outmoded Maginot  
line. The French fortifications main-  
ly were usable as shelter for the  
Doughfett were fighting principally  
in the open rather than in the  
forts.

By The Associated Press

London, Jan. 18 (AP)—Russian troops,  
rolling forward with massive momentum in  
Marshal Stalin's greatest winter offensive,  
may already have crossed the German  
frontier into the coal and industrial region  
of Silesia.

One Moscow dispatch said it was believed  
Germany was now fighting on her homeland  
soil on both east and west fronts.

Three great Russian armies, 2,000,000  
strong on a 250-mile front, were fast liberat-  
ing all Poland after the capture of Warsaw,  
Radom, and Czesochowa, and the Germans  
were reported falling back to their next  
natural line of defense, the Oder river 300  
miles from Berlin.

Kielce, said Tomaszow, 30 miles southeast  
of Lodz, Poland's greatest industrial city,  
had been evacuated, and said Breslau, Ger-  
many's chief industrial city in Silesia, was  
"directly in the danger zone."

The Lubin radio said Krakow, city of  
Poland's ancient kings, also had been cap-  
tured.

The forces of Marshal Gregory Zhukov,  
which took Warsaw, and of Marshal Ivan  
Konev were converging on Lodz from the  
east as well as the south.

### YANKES GAIN ON TWO FLANKS IN LUZON PUSH

By C. YATES McDANIEL

General MacArthur's Headquar-  
ters, Luzon, Jan. 18 (AP) — Gains  
right and left of the expanded Lingayen  
Gulf beachhead were reported by  
Gen. Douglas MacArthur today as  
his main spearheads pointing to-  
ward Manila approached the import-  
ant city of Tarlac, fighting nothing  
much worse than mosquitoes and heat.

On the right the Yanks advanced  
17 miles up the thumblike Bolinao  
peninsula to capture the city of Bo-  
linao, at the northern end, after a  
short skirmish with a weak enemy  
rear guard.

The western part of the drive ex-  
tended the Lingayen Gulf beach-  
head to approximately 60 miles.

On the left flank the Sixth Army  
cut the main Luzon-Baguio highway  
in two places and sent patrols into  
Pozorrubio, around which the most  
stubborn resistance of the invasion  
has been encountered. The Ameri-  
cans now have five wedges along  
this important highway.

One Yank column was last re-  
ported only a half mile from Ro-  
sario, moving eastward along a  
road which joins the main highway  
two miles beyond the town. Junc-  
ture at the fork would put the two  
Yank columns on a mountain road  
leading to Baguio, summer capital  
of the Philippines, 16 miles away.

#### Good Aerial Cover

In this area the Japanese are mak-  
ing a determined effort to stand and  
fight. Cutting of the Luzon-Baguio  
highway at Pozorrubio and three  
miles north at Bobonan virtually  
seals off whatever enemy forces  
were along the northeastern coast  
of Lingayen Gulf when the Ameri-  
cans landed January 9.

MacArthur's communique today  
failed, for the first time since in-  
vasion day, to mention progress at  
the deepest point of penetration.  
Yesterday two tank-led columns  
were reported converging on Tarlac  
from the north and northwest.

Continuing air blows against Jap-  
an's vital communications on Lu-  
zon's aided the steady ground pres-  
sure. Medium bombers and attack  
planes wiped out 61 Japanese planes  
on the ground at Clark Field and on  
dromes in Cagayan valley to the  
north of the battle zone.

#### MRS. KOSER DIES

Mrs. Sarah E. Koser, 85, died  
at 12:30 o'clock this afternoon at  
her home, 133 East Water street,  
from a complication of diseases.

Please bring your own containers for

Zhukov, after taking Zyrardow,  
25 miles west of Warsaw, struck  
southwest toward Lodz, 46 miles  
away. Zhukov was 288 miles from  
Berlin.

#### Heads For Border

Konev's First Ukraine Army,  
which captured Czesochowa, the  
Catholic center known as the  
"Polish Lourdes," struck for the  
German frontier 15 miles distant.

It was Konev who was closest to  
Berlin, 260 miles at Czesochowa.

A German Army radio in Poland  
early today said the position on the  
east front "still is completely con-  
fused."

Martin Hallensleben, chief mili-  
tary commentator for the German  
DNB agency, said in an early broad-  
cast that the Germans had "no  
chance to meet the Russian superi-  
ority frontally" and hinted that  
Nazi strategy in Poland would be to  
avoid being split up at all costs with  
a husbanding or reserves for "coun-  
termasures against dangers looming  
ahead."

These dangers were represented  
in the three-pronged drives by Mar-  
shal Gregory K. Rhuikov's First  
White Russian Army, Marshal Kon-  
stantin K. Rokossovsky's Second  
White Russian Army and Marshal  
Evan S. Konev's First Ukraine  
group.

#### Warsaw In Ruins

In the first of three orders of  
the day Marshal Stalin yesterday  
credited the capture of Warsaw to  
Zhukov's group and the army of the  
Lublin Poles. These forces fanned  
out around the city, crossed the  
Vistula river on the north, and ac-  
complished the capture with com-  
bined blows from the north, west  
and south.

The war-torn Polish capital was  
estimated recently by Polish officials  
to be four-fifths in ruins, with 770-  
000 of its population killed by the  
Germans. Warsaw's pre-war popu-  
lation was approximately 1,170,000.

Zhukov's men struck out beyond  
Warsaw, captured the railway town  
of Zyrardow, 25 miles southwest of  
the capital, and made other 16 to  
25 mile advances on a broad front  
extending southward to Radom in  
which they seized 800 towns and  
villages.

In a second order of the day  
Stalin said Rokossovsky's forces had  
joined the winter offensive, plung-  
ing forward on a 62-mile front  
northwest of Warsaw to a depth of  
25 miles from bridgeheads on the  
west bank of the Narew river and  
capturing 500 communities since  
Sunday.

#### DRIVER KILLED

A unidentified driver was killed  
about 2:15 o'clock this afternoon  
when a large milk truck he was  
operating upset at the Bermudian  
creek bridge about one and one-  
half miles southeast of York Springs  
along the Carlisle-Hanover road.

97th Bomber Group in Italy. He  
recently sent his parents a "Book  
of Remembrance" which he re-  
ceived at a midnight mass on  
Christmas eve in a cathedral in  
Italy that reminded him "of St.  
Francis Xavier Catholic church

through the mud to attend the  
mass, he wrote.

### TEACHERS ASK READING CLASS, SURVEY SHOWS

Better supervision and more at-  
tention to "the making of citizens"  
were brought out as the greatest  
needs of a good "in-service training  
program" for county teachers, at a  
round table discussion meeting the  
Adams County Council of School  
Administrators and the executive  
committee of the Adams County  
Teachers' association held Wednes-  
day night.

Twenty-three members of both  
groups, and representatives of Get-  
tysburg college met in the Student  
Christian association building on the  
college campus.

Dr. Raymond G. Mowry, county  
superintendent of schools in Frank-  
lin county, was the guest panel lead-  
er and conducted the discussion after  
an introduction by Dr. Robert A.  
Bream, assistant county superin-  
tendent of schools and chairman of  
the program committee. Prof. Leslie  
V. Stock, supervising principal of the  
Biglerville schools and president of  
the county council of school ad-  
ministrators, presided.

#### Reports On Survey

In his introductory remarks, Doc-  
tor Bream reported on the results  
of a survey conducted among county  
teachers by his committee. The  
tabulation of 70 replies made from  
a total of 280 questionnaires mailed  
to teachers in the county were sum-  
marized.

As indicated by the questionnaire,  
and from discussion at the meeting,  
one of the greatest needs of both  
pupils and teachers is better in-  
struction in methods of reading. In  
reply to the question, "in which  
of the following would you partici-  
pate if a group were formed for the  
purpose of study and discussion?"  
the greatest number of votes, 19,  
went to the first one on the list,  
a reading workshop.

#### Favor Full Course

The next highest number of votes  
went for a handicraft study group,  
while special education groups were  
voted third with 15. Other courses

### Dies Of Wounds In European Theatre

Private Arthur L. Collins, Jr., 25,  
son of Mrs. Arthur L. Collins, 1001  
North Park avenue, Haddon Heights,  
N. J., has died following wounds re-  
ceived in the European theatre of  
operations, according to an an-  
nouncement by the War Depart-  
ment.

Private Collins, who attended Get-  
tysburg college from 1938 to 1940,  
had previously been reported miss-  
ing in action since September 10,  
1944.

He was a graduate of George  
school and attended college here for  
two years. He was a member of the  
Sigma Chi fraternity.

WARSAW'S FALL  
SERIOUS BLOW  
TO BOCHE ARMY

By DEWITT MACKENZIE  
(Associated Press War Analyst)

The capture of Warsaw is one of the most important victories of the entire World War, for this ancient cross-roads of eastern Europe has been the anchor of Hitler's Vistula line—last powerful defensive position between the Russians and the Reich.

Now the whole 250-mile Vistula front has collapsed and the Germans are reeling back. This means, barring miracles, that the Germans must run for their defenses on the Oder river inside their own frontier. Such a wholesale retreat is one of the most dangerous operations of war, and disaster hovers over it like a vulture.

That's the military aspect, but this triumph of Red arms also is momentous politically. It's as full of high explosive as a blockbuster, and such ill have to be handled by the Big Three—Messrs. Roosevelt, Stalin and Churchill—at their forthcoming conference.

Settles Polish Border

Actually the eviction of the Hitlerites from Warsaw may easily mean that the Polish boundary dispute, which long has had much of the world by the ears, has been settled automatically. It probably means that the exile Polish government in London has lost its fight, and that the Russian-sponsored provisional Polish government of Lublin will become the permanent government of a Poland remodeled in accordance with Moscow's wishes.

Thus, while America and Britain still recognize the Polish government in London, they likely will be presented with a fait accompli when the Big Three meet. That will mean that they adapt themselves to the situation gracefully, or raise one of the most dangerous questions the three Allies have had to meet. Dangerous questions are to be avoided if possible.

To Destroy foe

The Red armies, comprising 2,000,000 men, Moscow announces, are bent on the utter destruction of the German forces. As this is written the onrushing Muscovites are close to the Silesian frontier of Germany. Fear reigns in the Fatherland.

I think we may assume that as fast as the invaders are pushed back, the Lublin provision government will take over the liberated territory and make it part of the new Poland. The signs are that by the time the Russians have cleared Poland of the invaders, the country will have been thoroughly organized under the Lublin government, which is composed of leftists who have Moscow's blessings. There will be no further grounds for argument about boundaries or political complexion. Under these circumstances it will be strange if a plebiscite doesn't support the government in power.

Pact With Czechs

The Lublin government, seeking friendships, is expected shortly to remove one of the sore spots of eastern Europe by promising to return the rich coal district of Teschen to little Czechoslovakia. Polish troops occupied Teschen just after Munich in 1938, when Czechoslovakia was trembling under the brutality of Hitler. The Poles gave Praha a 24-hour ultimatum to surrender Teschen, and the Czechoslovakians had no alternative but to submit.

Not long ago a distinguished Pole, who is a supporter of the exile Polish government in London, said in the course of a letter to me that the Teschen affair represented one of Poland's great mistakes. Well, that's for him to decide—every man according to his own conscience.

I happened to be in Warsaw after attending the Munich conference. When I looked out of the hotel into Pilsudski Square the morning after my arrival my curiosity was aroused by preparations for a big celebration. The square was lavishly decorated with flowers and flags, and many troops were drawn up about it. When I inquired the meaning of this display I was told that was a thanksgiving for the success at Teschen. It flashed through my mind then that Poland someday would find Teschen a pyrrhic victory.

S. Sgt. W. W. Lauver  
Leaves For Miami

Staff Sergeant William W. Lauver, 21, veteran of 50 combat missions as a B17 gunner of the 15th Air Force in Italy, has left for Miami after spending a 21-day leave with his brother, Charles L. Lauver, East Middle street, and his mother, Mrs. Zora Slaybaugh, Orrtanna.

Sergeant Lauver returned from overseas on Christmas Eve after having taken part in the invasion of France. Other bombing missions took him over Budapest, Munich, Vienna and the Ploesti oil fields. He wears the Air Medal with three Oak Leaf clusters.

While he was in Italy, he met his brother, S. Sgt. John T. Lauver, also serving in the Air Force.

Engagements

Gerber—Dresher

Mr. and Mrs. R. W. Dresher, Hanover R. 1, have announced the engagement of their daughter, Miss Wandalee L. Dresher, to Corp. Dale L. Gerber, son of Mrs. Nellie Gerber, 49 West Middle street. No date has been set for the wedding.

Corporal Gerber was graduated from Biglerville high school in the class of 1942 and was employed at the Glenn L. Martin plant at Baltimore before enlisting in the Army Air Corps in August, 1942. After working as an airplane mechanic for 10 months at Kellogg Field, Mich., he went to airplane mechanics' school at Goldsboro, N. C., and then to aerial gunners' school at Ft. Myers, Fla., receiving his wings in January, 1944.

He is spending a 16-day furlough at his home here after which he will go to Columbia, S. C., where he will attend another mechanics' school.

Clopper—Spangler

Mrs. Mary J. Spangler, New Oxford, recently announced the engagement of her daughter, Gladys, to Cpl. Arthur Clopper, son of Mrs. Minnie Sentz, York. Cpl. Clopper is stationed at Camp Crowder, Mo. No date has been set for the wedding.

DEATHS

Mrs. M. K. O'Donoghue

Mrs. Mary Katherine O'Donoghue, 88, St. Anthony's, Emmitsburg R. D., widow of the late Dr. David Cassidy O'Donoghue, formerly of Passaic, N. J., died Tuesday morning at 12:10 o'clock in St. Agnes hospital, Baltimore, from a complication of diseases.

She was a daughter of the late George and Monica (Hann) Warthen.

Surviving are three sons, Sidney E., at the American Embassy, in Mexico City; John A., Philadelphia, and David Allen, Sabillasville, Md.

Funeral services Friday morning at 9 o'clock at St. Anthony's Catholic church conducted by the Rev. Fr. Rinehart. Interment in St. Anthony's shrine cemetery. Friends may call at the home from 2 o'clock this afternoon until the time of the funeral.

Paul J. Buntz

Paul Joseph Buntz, 58, Centennial, Mt. Pleasant township, Hanover R. D. 4, died suddenly at his home Wednesday morning at 2 o'clock. Death was due to a heart attack.

Mr. Buntz had suffered from a heart condition for some time. Mr. Buntz was a son of the late Charles and Mary McClain Buntz, and was born May 1, 1886. He was a member of the Conewago Chapel parish and of the Holy Name Society of that church.

Surviving are his wife, who before marriage was Jane Kuhn; three children, Cyril Buntz, Hanover; Mrs. Paul LeGore, Centennial; and Pvt. Paul Buntz, serving in the United States Army, stationed at Fort Jackson, S. C.; two grandchildren, and one sister, Mrs. Ambrose Elmer, McSherrystown. Funeral Saturday morning at 8:30 o'clock from his late home with a requiem mass at 9 a. m. in the Conewago chapel, the rector, the Very Rev. John P. O'Donnell, celebrant. Interment in the Conewago Chapel cemetery. Friends may call at the home until the time of the funeral.

Mrs. Carmon Elicker

Mrs. Levere Elicker, 37, wife of Carmon Elicker, Latimore, York Springs R. 1, died in the Hanover hospital at 10:30 o'clock Wednesday morning from a complication of diseases after having been a patient there eight days.

A native of Trenton, N. J., Mrs. Elicker was a daughter of the late William Flohr and Catherine (Gau) Flohr. For the last 14 years she had lived at Latimore. She was a member of the Gardners United Brethren church.

Surviving are her husband and a son, Leroy, at home. Funeral Sunday with brief services at the Pittenturf funeral home in York Springs at 1:30 and further services in the Gardners United Brethren church with the Rev. Harry Lee, pastor, officiating. Interment in the adjoining cemetery. Friends may call Saturday evening from 7 to 9 o'clock at the Pittenturf funeral home.

George E. Wise

Collapsing at his place of employment shortly before 9 o'clock Wednesday morning, George E. Wise, 62, York, died enroute to the York hospital.

Coroner L. U. Zech attributed death to coronary occlusion. It was learned from members of the family that Mr. Wise had been shoveling snow the previous evening at his home and complained of feeling ill before he left Wednesday for work at the east end plant of the York-Hoover corporation. He was foreman of the body department of the company, where he had been employed for the past 35 years.

Mr. Wise is survived, besides his widow, by three children, Mrs. Charles N. Spangler, Rossville; Stuart Wise, Baltimore, and Miss Ethel Wise, at home; five grandchildren and five brothers and sisters, Mrs. Carolyn Hoopert, Harrisburg; Mrs. Annie Beitman, York Springs; Charles Wise, St. Mary's, Pa.; Al-

DOG FAVORED  
OVER SERVICE  
MEN ON PLANE

Antioch, Calif., Jan. 18 (AP) — A Navy gunner called home by his father's death and an Army sergeant hurrying to the side of his sick wife told newsmen they were put off an Army transport plane at Memphis, Tenn., last week because a huge dog consigned to Mrs. Elliott Roosevelt, actress-wife of the President's son, had a higher priority.

Both agreed a third service man also was "bumped."

The wife of a sailor said her husband wrote he couldn't board the plane at Dallas, Texas, for the same reason.

Mrs. Roosevelt, interviewed yesterday aboard a train at Albuquerque, N. M., said she had received "Blaze," a 130-pound bull mastiff at Hollywood from her husband but "I assure you that my dog travels as freight and awaits his turn."

"A" for Dog; "C" for Men

A War department spokesman said three service men were put off a plane at Memphis Jan. 11 to lighten the load while a dog, about which the department had no information, continued its journey by air. The dog was consigned from Washington.

In Antioch, the Navy gunner, Leon Leroy, who had a "C" priority told newsmen that he and two other service men had to get off the plane because the crated dog was rated "A."

Last night at Riverside, Calif., T. Sgt. Dave Ake, veteran of the China-Burma-India war, said he was "bumped off" the plane at Memphis while on his way to visit his wife, who is ill.

He said a crated dog occupied "almost all of four seats" and a flight clerk told him it was consigned to Mrs. Roosevelt. At Granite City, Ill., Mrs. Ola Vee Nix said her husband, Maurice Nix, a Navy carpenter's mate, who had been home to visit their four ill children, wrote her from San Francisco his trip back was delayed because he was unable to board a plane at Dallas. He said he had a "D" priority and that the plane carried a dog, with an "A" rating, which belonged to Colonel Roosevelt.

Nix now is believed to be somewhere in the Pacific.

Cartel Agreement  
Suit Against G. E.

Washington, Jan. 18 (AP) — A federal suit charging the General Electric company and the International General Electric company with maintaining international cartel agreements was announced today by the Justice department.

Filed at Newark, N. J., the civil complaint, the department said, accused General Electric and its international subsidiary of conspiring with firms in Germany, France, Britain, Japan, Belgium and Italy to exchange patents and divide the world into exclusive marketing areas for the purpose of eliminating competition in virtually all types of electrical equipment, with the exception of electric lamps and radio appliances.

Assistant Attorney General Wendell Berge said a suit now is pending against General Electric concerning electric lamps. He added the department is investigating the radio appliance angles.

Members of the committee on arrangements include Mrs. Donald Bosserman, Mrs. John Frederick, Mrs. Harold Steiner, Mrs. Raymond Hale and Mrs. Ty Ziegler.

2 ABOVE ZERO  
RECORDED HERE

The temperature dropped to a record low for the winter of two degrees above zero in Gettysburg Wednesday night on the official thermometer of Dr. Henry Stewart, local weather observer.

The previous low had been five degrees. At the Arendtsville laboratory a low of four degrees was reported. The temperature increased little until the sun rose this morning and started ice and snow melting on roof tops and other exposed places. At 8 o'clock this morning the reading was but three and a half degrees.

J. William Kendeheart, superintendent of the county State Department of Highways office, said the work of clearing rural routes was being carried on today. The main roads all have been cleared, he said, although they will have to have more work as the sun melts some of the top layer of packed snow and ice. All of the roads still are slippery, he stated.

All of the department's equipment is being used in the clearance work.

The couple received many valuable gifts. Games were played during the evening and refreshments were served.

YANK LOSSES ON  
WESTERN FRONT  
TOTAL 74,788

Supreme Headquarters Allied Expeditionary Force, Jan. 18 (AP)—American losses on the western front totaled 74,788 killed, wounded and missing in December, the bloodiest month of all for U. S. armies, it was disclosed today.

The Americans during December bored at heavy cost into the Aachen gap of the Siegfried line and then withstood the German offensive in the Belgian bulge.

The toll is exclusive of air force personnel. It was well above the casualties of the first month of invasion when the Americans stormed the Normandy beaches in June. (Secretary of War Stimson said three days ago that American losses from December 15 to January 7 totaled 52,594 including 4,083 killed, 27,645 wounded and 20,866 missing. He said 40,000 were lost in the bulge and that German losses were 90,000. His estimate excluded the first two weeks of December, when the U. S. First and Ninth armies were fighting costly battles on the Roer river and while the U. S. Third and Seventh armies were fighting into the German Saar and Palatinate.)

Exact casualties for June were not available here, but in the six weeks up to July 20, the date of the St. Lo breakthrough, they totaled 60,000.

Washington, Jan. 18 (AP)—American Army casualties of 74,788 in December alone on the western front have brought the total from D-Day in June to January 1, to 332,912.

Secretary of War Stimson, reporting this today, said the total for that period includes 54,562 killed, 232,672 wounded and 45,678 missing.

The 74,788 figure for December included 10,419 killed, 43,554 wounded and 20,815 missing. Most of the missing in December, Stimson said, are probably German prisoners.

Cancel Poultry  
Raisers Meetings

County Agricultural Extension Agent M. T. Hartman announced this morning that a series of four poultry raisers' meetings scheduled for today and Friday have been cancelled because of the difficult traveling conditions in the rural areas.

The meetings cancelled included ones with J. W. Weigle at Gardners this afternoon; one with G. R. Worley, near Brushstown, for this evening; one at the court house Friday morning at 10 o'clock and the fourth with Roy Heckenluber, Biglerville R. D., for Friday afternoon.

An all-day county-wide poultry raisers' meeting probably will be held in the near future to replace the cancelled sessions, Hartman said. Announcement of the date and place will be made as soon as arrangements have been completed.

## CHINESE STAR ONCE PLAYED FOR LOCAL 9

When Joe Cambria, lone Washington Senators talent scout, signed Manuel Hidalgo as the first Chinese player, he recalled to Frank Colley, Hagerstown, dean of Cumberland Valley sports writers, that he himself played with Buck Lai in the Eastern League and that Gettysburg had a Chinese player when it occupied a berth in the Blue Ridge League.

Here's Frank's story: "Give me a break Joe" was wont to scold the tall canes of Cuba for his talent and he really combed that region. Now Washington comes up with a Chinese player by the name of Manuel Hidalgo, and the boss of the Senators is claiming that he is the first Chinese player to break into the major leagues.

"Perhaps he is right, but some think he is wrong, as the Giants had Buck Lai some 20 years ago and under John McGraw he broke into a few games with the New York Giants.

"Buck Lai also played with the Bushwicks and served a term as third baseman for the Bridgeport team of the Eastern League back in 1919. According to the writer's memory, and I did play in that same league with Buck Lai, he was a Hawaiian, not a Chinese, but then I might be wrong. Then again I might be right, as Buck brought his Hawaiian basketball team to Hagerstown to meet the Dorsey Marketers. Remember that, you basketball fans?

**Yim Was Fast**  
"But talking about Chinese players, perhaps you oldsters remember the old Blue Ridge League when Gettysburg had a berth in that circuit, that was back in 1916 and if my memory serves me right, either Joe Ward or Ira Plank managed that club with such players as Sykes, Jimmy Dykes, Johnny Mumford, Art Kahler and others listed on the roster.

"Yes, they had another player, an outfielder, and he was a Chinese, his name, Andy Yim.

"Sure, there was plenty of talk about him. How fast he was, how he could run the bases and throw. He was a left-hander all the way and that is as far as he went.

"They tell a story about when he joined the club and started on their first road trip which took them to Martinsburg for two days. Yim packed up a suitcase and also a hat box, figuring that he was really going to tour the country, not figuring that they made the jump in autos and stayed over only one night.

"What the boys did to poor Andy was a sin, but let's forget that.

"Andy was placed in centerfield against Martinsburg and went great guns for about five innings. Cooney Sherman was pitching for the Gettysburg team and had Rawlings, Blue, Percy and Morris hitting to left and right, never anything to centerfield.

**Drops Two Flies**  
"Along about the seventh inning Martinsburg managed to land a couple on base and Rawlings drove a sharp liner into centerfield. Yim raced over, stuck out his gloved hand, and plop! The ball hit in the middle of his glove and bounced out like he had on a mottom's mitt, one which had been out in the rain for a couple of days.

"Both runners scored and Manager Joe Ward rushed out onto the playing field yelling for Yim to come in. The Chinese was all upset and really didn't know what to do, but he came in with his head hanging.

"Ward looked at his glove and then whipped out a pocket knife and proceeded to cut the palm out of the glove. Yim went back to centerfield and then Blue hit one of his towering smashes into mid-field. Yim backed up, was under the ball, and plop!

"The ball hit mid-center in the glove and came out like a hot cake. Yim had failed to give with the ball and the force of the falling ball stung him so much that he just let go. That trip back to Gettysburg must have been a honey, from what the players reported, and to this day when one gets in a fanning bee with Jimmy Dykes he will always bring up about the story of Andy Yim.

"Yim never made big league but he furnished big league copy for a lot of the sport writers and no doubt this Hidalgo whom Washington has signed will furnish the boys in the big town with plenty of laughs.

"Anyway, Washington I guess, can lay claim to the fact that they have really the first Chinese player to be signed in the big show, that is, unless Joe Cambria has uncovered him in the cane-breaks and put a laundry tag on him for a real name."

## Fights Last Night

(By The Associated Press)  
Elizabeth, N. J.—Clint Miller, 125, Elizabeth, outpointed Joey Pulg, 119½, New York (6); Bo Harris, 139, New York, outpointed Hubert Winfield, 133, Brooklyn (6).

**VETERAN CHAPLAIN DIES**  
New York, Jan. 18 (AP)—Msr. William E. Cashin, 73, who served for 12 years as chaplain at Sing Sing prison and was known as the "Bishop of Sing Sing," died last night. He has been pastor of St. Andrew's Roman Catholic church since he left the chaplaincy of Sing Sing prison in 1924.

## Cochrane Offered Deluge Of Bouts

Newark, N. J., Jan. 18 (AP)—Willie Gilzenberg, manager of world welterweight boxing champion Freddie "Red" Cochrane, has good reason to suspect that his fighter is a very popular guy.

A bare 24 hours after Gilzenberg announced that Cochrane had been honorably discharged from the Navy and would defend his title within six months he was deluged with offers from fight promoters all over the country seeking matches with the champ.

Gilzenberg said Boston promoter Rip Valenti's offer for \$35,000 for a title scrap matching the redhead and Ralph Zannelli in March or April was the top bid.

Gilzenberg added, however, that there will be no signing of contracts until the champ, which won the crown by outpointing Fritz Zivic of Pittsburgh in a bout here in July, 1941, could get into the gym and get some training.

## Sports Roundup

By HUGH FULLERTON, JR.  
New York, Jan. 18 (AP)—There may be a great scarcity of "name" athletes for the winter track season if Gil Dadds sticks to his decision to retire, if Gunder Haeg fails to appear, which isn't unlikely, and if Don Burnham doesn't get far enough ahead of his medical studies to do some training. . . . But there won't be any shortage of names on the program. . . . The Metropolitan Indoor championships, opening the season Saturday, will have three national champions—Rudy Simms, Jim Rafferty and Owen Cassidy—and Tommy Quinn, former central collegiate champ now in the Navy at Bainbridge, Md. . . . And the entries are just coming in from servicemen who can get furloughs to coincide with the big meets. The "Met" entries include Lloyd Henry Bourgeois, Jr., of New Orleans, whose father was a member of the 1928 Olympic team. . . . Ed Cosgrove, a Tufts college V-12 student who has entered the Millrose meet, won the Distinguished Flying Cross in the battle of the Coral sea.

### THE SMART MOVE

Lefty Gomez likes to tell this one on himself. . . . A few years ago Tony Lazzeri was in the middle of a hot fielding streak and getting a lot of play in the newspapers. . . . In a tight spot in one game, the ball came to Gomez and Lefty, ignoring Tony's frantic directions where to make the play, tossed the ball to Lazzeri. . . . When the shortstop protested later, Gomez replied, "I didn't know what to do with it, Tony, and I'd been reading all week that you're the smartest fielder in the world so I thought I'd let you do it."

### SHORTS AND SHELLS

The San Francisco Baseball club has instituted a series of weekly luncheons for the sports writers. If they serve steak Uncle Charlie Graham could run for commissioner and get plenty of support. . . . Wisconsin athletic authorities say there's nothing to those stories of football games with Yale and Penn State next fall. . . . Despite his reputation for calmness on the bench, Coach Joe Lapchick, of St. John's, took a blasting from Philadelphia papers for disturbing the peace at the Convention hall last Saturday. . . . Bobby Ruffin, the fighter who tried to become an actor, now has a crooner in tow, Bobby says his boy, Tommy Moran, is willing to meet Sinatra in a tonsil contest any day.

### SERVICE DEPT.

Lt. J.G. Teed Schroeder, 1942 national tennis champion, just another sub on the Jacksonville, Fla., Naval Air Station basketball squad. He's undergoing aviation training after 18 months at sea on a destroyer. . . . The cage squad at Harvard, Nebraska, Army Air Field, despite an average of about 27, has beaten every team in the vicinity except the powerful Lincoln Air Field club. . . . Among the folks encountered overseas by Leo Durocher and his baseball troupe was Shirley Cobb, Ty's daughter, who is a Red Cross nurse.

## Cite Officials For Stream Pollution

Harrisburg, Jan. 18 (AP)—Officials of one borough and two municipalities have been ordered to appear before the State Sanitary Water board in connection with a drive to clean up Pennsylvania streams.

Secretary J. R. Hoffer said the municipal authorities were cited because they "haven't given evidence of cooperation with the anti-stream pollution program" and the industrialists because "they haven't effected abatement of pollution as ordered by the board."

He declined to give the names of the borough or the companies.

### CHANCE

Portland, Ore., Jan. 18 (AP)—Clients in George Pire's cafe — for a folding money donation to the March of Dimes — can draw a slip entitling them to a free meal, an orange, an extra dessert, or a request for another donation.

## MAROONS PLAY AT WAYNESBORO

Gettysburg high school's eagles will seek their first Southern Division victory in the South Penn Interscholastic basketball league Friday evening when they meet the Waynesboro high quintet on the latter's court.

Coach "Hen" Bream's boys have been working hard for the game and are confident they will snap back into the win column at the expense of the Tornado dribblers.

Waynesboro has lost two division games, one to Chambersburg 53-20 and the other to Hanover 45-26. The Maroons lost their only loop game to Chambersburg last Friday 43-27. The reserve teams of the schools will clash at 7 o'clock.

Following Friday's tilt the Maroons will meet one of their strongest foes here Tuesday evening when Delone Catholic will be the opponent.

Other games on schedule for Friday evening in the county include Enola at Blersville; New Oxford at Fairfield; Arendtsville at Littlestown, and Lancaster Catholic at Delone.

## NAZI RAILYARD IS LAMBASTED

London, Jan. 18 (AP)—A small force of Flying Fortresses today bombed Kaiserlautern, an important German railyard behind the Saar front.

One hundred Mustang fighters and 100 B-17s also made a tactical attack on a rail center west of Mannheim, about 30 miles behind the German lines.

RAF bombers returned to the big German industrial center of Magdeburg with a new load of explosives just before dawn today and found the city still ablaze from the previous night's attack.

Striking about 5 a. m., the raiders caught the Germans by surprise, dropped their bomb loads and returned without loss, the Air Ministry said.

The early morning raid signaled the sixth straight day of an all-out assault upon German fuel resources and vital war industries hundreds of miles behind the front lines.

The dawn raiders were identified by the Air Ministry as Mosquitoes carrying two-ton blockbusters.

## 3 Years Of Prayer And Hope Answered

Foxburg, Pa., Jan. 18 (AP)—Three years of prayer and hope were answered yesterday for Mr. and Mrs. W. H. McHenry when the postman brought a letter from their son, "missing in action" since the Japs overran the Philippines in 1941.

The letter, from Sgt. Clyde McHenry, 27, was dated October 3, 1944. Where it came from was not known, but the family, with five other boys in service, drank in the words:

"I am well and getting along fine." Sergeant McHenry added: "There must be questions you want to ask me. But you'll have to wait until I get home."

## 24 Degrees Below In Warren County

Warren, Pa., Jan. 18 (AP)—A cold blast from the north tumbled temperatures down to between eight and 24 degrees below zero in Warren county today.

The coldest weather was reported from rural points. At Morrison Run, Arthur Blowers, pumper on the Beatty oil lease, reported 24 below. He said a couple of rabbits spent the night on the sill of his kitchen window, warmed by heat reflected from the kitchen stove.

## Penn Spurt Upsets Princeton Quint

Princeton, N. J., Jan. 18 (AP)—Turning on the heat for a 22-point outburst in the last ten minutes of play, the University of Pennsylvania basketball team trounced Princeton here last night, 59 to 41.

Bob Carlson, who was high scorer for both sides with 22 points, led the Quakers' decisive spurt. They were forced to come from behind twice, once their early 11-4 lead was turned into a 24-21 deficit at half-time and again when Princeton took a 28-27 edge after the Quakers had tied it at 25-all.

## BASEBALL TO MARK BIRTHDAY

New York, Jan. 18 (AP)—In the midst of wartime uncertainty over baseball, the national pastime's leaders have overlooked an historical sports event that should receive some formal recognition—the 100th anniversary of baseball's first organized team.

Baseball is generally accepted as having been devised by Abner Doubleday in 1839, but it was not until 1845 that the Knickerbocker club, the first organized team, appeared.

It was on Sept. 23, 1845, that Alexander J. Cartwright, an enthusiastic devotee of baseball, gathered together some young, wealthy New York bankers and lawyers and formed the Knickerbockers.

After some practice contests among themselves, the Knickerbockers on June 19, 1846, met a newly-formed outfit, called "The New York Nine," on the Elysian Fields, Hoboken, N. J. Despite their natty uniforms of blue trousers, white shirts, silk stockings and straw hats, the Knickerbockers absorbed a 23-1 lacing.

Despite its ignominious defeat in its first competitive game, the Knickerbocker club became the most powerful body in baseball, setting up the rules for all clubs. Some of the original regulations are still in existence.

## Peace Group Urges Self - Government

Cleveland, Jan. 18 (AP)—A recommendation for immediate establishment of self-government for some now dependent nations was under consideration today as part of the Protestant church's platform for a just and durable peace.

One of three groups of delegates attending a peace conference of virtually all Protestant faiths in the U. S. and Canada proposed the move on recommendation of Dr. E. Stanley Jones, internationally known missionary who has spent more than 25 years in India.

Convened by the Federal Council of Church's commission on a just and durable peace, the delegates also proposed that the church's world affairs platform include approval of the Dumbarton Oaks plan for a world security organization; establishment of a world bank "with active U. S. participation," and condemnation of "imperialism—social, economic and political—as incompatible with the Christian viewpoint and the highest interests of human welfare."

## Talk Sales Tax For School Uses

Harrisburg, Jan. 18 (AP)—A proposed 2.5 per cent general sales tax for school purposes was under study by the joint state government commission's tax committee before being submitted to the legislature.

Rep. Lloyd H. Wood (R-Montgomery), chairman of the commission's tax committee, said the proposal was one of several made by a tax advisory group formed under the auspices of the Pennsylvania Economy League and the Pennsylvania Chamber of Commerce.

Governor Martin, at his press conference yesterday said all the proposals have "a lot of merit" but that enactment of a sales tax is up to the legislature.

"Everybody seems to be afraid to tackle it," Martin added.

## BUFF DONELLI AND WILLIE PEP INTO SERVICE

Washington, Jan. 18 (AP)—Acceptance of two prominent sports figures for service does not necessarily set a precedent which will be followed in reviewing other professional athletes.

But it may indicate which way Army doctors will lean in examining these men for induction.

War Department sources made that comment today when asked about Aldo "Buff" Donelli, football coach, and Willie Pep, fighter, who have passed physical examinations within the past few days.

Donelli, who will be 38 years old in July, is coach of the Cleveland Rams of the National professional football league. He will be taken into the Navy within two weeks.

**Out Of Navy Into Army**  
Pep, world featherweight title claimant, has an honorable medical discharge from the Navy. The Army has accepted him for general service, which can mean combat duty.

Donelli and Pep are the first big-name athletic figures to be accepted since War Mobilization Director Byrnes called for a reexamination of professionals.

Selective Service Director Lewis B. Hershey issued a memorandum Dec. 26 to local draft boards specifically covering professional athletes.

He directed the boards to "review the classifications of registrants who are deferred as physically or mentally disqualified for military service or who have been discharged from the armed forces for physical or mental disability and who, despite their apparent physical defects, are engaged in the principal occupation of professional athletics."

## CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the body. They help most people pass about 3 quarts of urine daily.

When disorder of kidney function permits excess acids to remain in your blood, it may cause nagging backache, rheumatic pains, dizziness, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, indigestion and dizziness. Frequent or scanty urination with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Backache Remedy, recommended by millions for over 40 years. They give happy relief and will help the 10 miles of kidney tubes flush out poisons and waste from your blood. Get Doan's Backache Remedy.

## WEARING JOB

When I was but a youngster small,  
I thought my grandpa very old—  
Afraid to run lest he should fall  
And much afraid of weather cold.  
Then very oft I wondered why  
Upon our slides he sprinkled sand,  
But grandpa now, at last, am I  
And grandpa ways I understand.

I used to wonder why he said:  
"Now, that's enough! I'll read no more."  
When three times thrice a tale he'd read

And put me down upon the floor,  
And when I'd jump upon his front,  
And suddenly upon it land,  
In agony he used to grunt,  
And that's a pain I understand.

I shake my head. "Not now, I say,  
Perhaps tomorrow I will go  
And ride down hill upon your sleigh  
Or make a funny man of snow.  
You run along and have your fun!"  
(How swiftly youth and age are spanned!)

This grandpa job's a wearing one,  
And that I've come to understand.

## Today's Talk

## THE JOY OF CREATION

The greatest job of creation, as recorded in the Bible, was that of creating the world itself, and after this was done it is written that God looked upon what he had created and pronounced it as "good."

There always comes a feeling of exhilaration after the creation of anything, be that what it may. The child builds its mud house, or its house of blocks and cries with glee. And so man—in all his various vocations—does the same. It keeps his spirit high and expands his youth.

Nature is forever in the process of creating. The cells of the brain are constantly changing and creating new paths for new thoughts and new creations of ideas. So long as the mind remains active and creative, age cannot enter as a guest!

It is easy to understand why so many great writers and artists, so many great scientists, and investigators have had no concern with the gaining of money and rewards. The joy of creating has overshadowed all this. Even hunger, disappointment, and lack of immediate appreciation, have had no effect upon this desire and determination to create something of personal and world-wide permanence.

Meryon and Blacklock were two artists whose reason even left them in their overwhelming task of creating beauty out of what they saw. Millet traded his great art for bread for himself and his family. Hugo and Gissing wrote in the crudest of quarters, as they hungered. Cervantes and John Bunyan wrote in jail. Milton composed while blind. Their joy of creation, however, has become our inheritance.

Few of the great inventors of the world have ever enjoyed the fruits of their labors, in terms of material gain. Most of them have died poor. Edison could have been the richest man in history had he only wished to gain in money. But his only wish and desire, his only joy, was that of creating, continuously, and no happier man ever lived!

The majority of us are not creators of great things, but we can be creators of little things that lead to great things. We can create happiness wherever we go. We can create it within ourselves—and it will shine like a great light in the night.

Tomorrow Mr. Adams will talk on the subject: "Just For Today."

## \$45,000 OPA SUIT

Pittsburgh, Jan. 18 (AP)—The OPA yesterday filed a suit in federal court here against the Harrison and Quinette Coal company, operator of a mine near Dorseyville, Pa., asking \$45,000 treble damages and an injunction preventing further violations of OPA price regulations. The amount is three times the estimated receipts from alleged overcharges, the suit charged.

The Gettysburg Times

## TWENTY YEARS AGO

Local Grad Is Made Dean of Princeton U.: Dr. Luther Pfahler Eisenhart, formerly of York, and graduate of Gettysburg college, class of 1896, has been made dean of Princeton university. He became a member of the faculty at Princeton 25 years ago.

Teacher Quits School Office: Miss Emma Gross, of Dillsburg, has resigned as teacher of the Glenwood school, near Knoxlyn Mills. Miss Gross returned to her home in Dillsburg on Saturday.

Former Resident of Gettysburg Is Wedded, December 30: Miss Margaret W. Felix, daughter of Mrs. S. Gertrude Felix, of Waynesboro, and Arthur B. Crook, Elkridge, Maryland, were married at St. Andrews Catholic church, Waynesboro, the Rev. Father O'Callaghan officiating.

Counties Get License to Wed: Harry E. Bollinger, son of Mr. and Mrs. Susan Bollinger, Butler township, and Miss Verna E. Martin, daughter of Mr. and Mrs. Ambrose Martin, Tyrone township, were granted a marriage license at the office of Luther C. Plank, clerk of the courts, Tuesday morning.

Bob-sled Party Enjoys Coasting: The first "bob-sled" party of the year was held Tuesday night, when college students, co-eds and townspeople resurrected an old bob-sled that formerly was the pride and joy of Gettysburg's younger set, had new runners "tacked" on and enjoyed sledding on the hills of town and vicinity.

Those participating in the party included Misses Sara Black, Margaret Stauffer, Anna Tawney, Jessica Weaver, Elizabeth Richard, Ethel Grace Allison and Margaret Bucher and Brady Armor, George Hunter, Marlin Swab, Lewis Kost, Horace Armor and Emory Dougherty. The latter piloted a motor vehicle with the bob-sled attached.

Wins Cross-Word Prize: Donald Bream, East Middle street, has been notified that he was the winner of one of the \$1 prizes offered by the Philadelphia Inquirer in the crossword puzzle contest now being conducted by that newspaper.

County Wedding: Earl W. Kline, son of Mr. and Mrs. Harry Kline, Gettysburg R. D. 6, and Miss Mayme B. Guise, daughter of Mr. and Mrs. Clayton Guise, Gettysburg R. 6, were married Thursday afternoon at four o'clock at the Reformed church parsonage, Arendtsville, by the Rev. Theodore C. Hesson. The couple was unattended.

Kept Marriage a Secret Since Dec. 24: Announcement has been made of the marriage on December 24, 1924, of Miss Gladys Slaybaugh, daughter of Mr. and Mrs. Albert Slaybaugh, Butler township, and John Wirt, son of Mrs. Alma Wirt, Straban township. The ceremony was performed by the Rev. J. Harold Little, pastor of the New Chester Lutheran church.

Announce Marriage: Announcement has been made of the marriage of Carmon C. Shull, Gettysburg R. 2, on duty on the United States steamship, Nevada, and Miss Clara M. Jones, of Leavenworth, Washington, on December 10. Mr. Shull is a son of Mrs. H. M. Heintzelman, Gettysburg R. 2.

MAJOR GROUPS  
LIKELY TO BACK  
IMPORTANT ACTS

Harrisburg, Jan. 18 (AP)—Establishment of bi-partisan machinery to consider the commonwealth's top legislative needs increased the possibility today of Republican and Democratic agreement on major legislation before the 1945 general assembly.

Senate and House chieftains of both parties agreed at a two-hour conference with Governor Martin to determine whether such problems as stream clearance should be considered non-partisan and to report back at another conference with the executive next Tuesday.

"It was a very satisfactory meeting," declared Democratic State Chairman David L. Lawrence. "We are cooperating, but not capitulating."

Both the governor and Lawrence stated the group agreed to go over matters listed in Martin's message to the legislature and a resolution submitted in the House by Rep. Hiram G. Andrews, Democratic floor leader, which called for a declaration of legislative intent by the general assembly.

Important Items  
Martin explained "among the things discussed which might be considered non-partisan are anti-pollution, reforestation, health examinations for school children, mental and penal institution construction and regulation of strip mining (surface mining of coal)."

The conferees also went over proposals to amend the absentee voting law to make it easier for soldiers to vote in this year's primary election. Senators O. J. Tallman (R-Lehigh) and John H. Dent (D-Westmoreland) were designated to explore the matter further and report next Tuesday.

One suggestion was that the primary date be advanced from September to as early as May.

Before adjourning for the week yesterday, the legislature received the administration's plan to guard health of school children through compulsory physical examinations and advanced other bills for possible action next week. The senate reconvenes Monday at 4 p. m. and the house five hours later.

The proposed school health law would require medical and dental examinations of all school children and teachers at intervals fixed by the state health department. Tests would be made by physicians and dentists and paid by the state.

The measure is sponsored by Reps. Kenneth H. Wagner (R-Somerset) and R. M. Barton (R-Perry).

HOPE IS GIVEN  
'45 CLUB MEDAL

Philadelphia, Jan. 18 (AP)—America's minstrel boys and girls of the battlefield—personified by Comedian Bob Hope—were honored last night when the radio and screen star was awarded the Poor Richard club's 1945 gold medal of achievement.

Messages commending the work done by Hope and other professional entertainers in war zones were read from Gen. George C. Marshall, Army chief of staff, and Gen. Henry H. Arnold, commander of the Army Air Forces.

Admiral Chester W. Nimitz, guest speaker in absentia, praised the acting profession for "saving the sense of humor of servicemen and bringing them a touch of home," in a speech recorded in the Pacific.

The occasion was the annual Benjamin Franklin's birthday dinner of the club, an organization of advertising executives.

The beaming Hope introduced his fellow troupers—Frances Langford, Vera Vague, Jerry Colonna and Tony Romano—and said he had only one complaint against them.

"They were wonderful companions on our trip, but they were so tight they insisted on doing their own laundry. They wouldn't even pay my price."

Cabinet Shakeup  
In Japan Hinted

(By The Associated Press)  
Political radio discussions in Japan indicate that Japan's second wartime premier, Kuniaki Koiso, is confronted with the alternative of submitting to a new party set up or to resign.

The controlled Tokyo radio admitted today that a plan is afoot to create a new and all powerful political party which "under a new set up" would attempt to carry out a "strong and resolute administration befitting the pressing war situation."

The broadcast, recorded by the Federal Communications Commission, said the prime mover of the "new order" is the powerful Imperial Rule Assistance Political Society (IRAPS). IRAPS is the parliamentary wing of the Imperial Rule Assistance Association (IRAA) which has carried out the functions of a mass totalitarian party since Pearl Harbor.

Hotel Gettysburg, went to Philadelphia, where on Wednesday he attended the formal opening of the new Benjamin Franklin hotel.

May Postpone Local  
Option Until Victory

Harrisburg, Jan. 18 (AP)—The Pennsylvania general assembly was asked today to suspend local option referendum on retail sale of liquor and beer until after the war.

The recommendation was included by the Pennsylvania Alcoholic Beverage Study, Inc., a private research agency on state liquor laws, in its legislative program distributed to members of the general assembly.

Laurence H. Eldredge, of Philadelphia, heads the organization.

SOME RAILWAY  
SCHEDULES OUT

Washington, Jan. 18 (AP)—Some railroad passenger schedules are being temporarily discontinued to expedite the movement of war freight.

Shortly after the Office of Defense Transportation announced this policy the New York Central system curtailed some passenger car and train services.

A spokesman for the carrier said the schedule changes were ordered to speed war traffic under "the worst weather conditions encountered for a good many years" and to conserve coal and relieve manpower shortages.

ODT mentioned severe weather conditions in its statement saying railroads wherever necessary should discontinue passenger service where such action is needed to keep war freight moving.

HINT WALLACE  
WILL BE GIVEN  
COMMERCE JOB

Washington, Jan. 18 (AP)—Fresh reports circulated today that Henry A. Wallace will be named secretary of Commerce in President Roosevelt's fourth term cabinet.

They disturbed senate friends of Secretary Jesse Jones and led them to seek assurance that Jones would continue in any event as head of federal lending and financing agencies.

The White House was completely silent on Mr. Roosevelt's intentions and the principals alike made no statements but the report that the President is leaning to Wallace gained wide acceptance in congressional circles.

Senators Connally (D-Tex.) and Bailey (D-N.C.), close friends of Jones, visited the White House yesterday. They would not discuss their talk with Mr. Roosevelt, but the story going the rounds among legislators was this:

They went to the President to plead that if he does want Wallace for Commerce secretary he should strip from that department its jurisdiction over the Reconstruction Finance corporation and subsidiary lending and financial corporations.

The great financing agencies were

Indiana particularly are affected but ODT said the action could be regarded as a "practical policy" of giving war freight precedence over passengers.

NEW PLAN FOR  
ADVERTISING

Camden, N. J., Jan. 18 (AP)—Global advertising—with radiophoto transmission flashing copy and layout for simultaneous release to publications throughout the world—is part of postwar RCA Victor planning.

William J. Reilly, advertising manager of the international department of the RCA Victor division of the Radio Corporation of America, described the plan today, saying that radiophoto centers are expected to be set up in world capitals, which will then relay advertising matter by air mail.

Reilly said this program was demonstrated twice during the past year and that on RCA's 25th anniversary, radiophoto apparatus went into operation with London, Cairo, Stockholm and Sydney the focal points.

Reilly said, "In a matter of hours and days,"

Reilly said, "instead of the weeks and months ordinarily required for this type of coverage, advertising was made available to 12,500,000 persons in 47 countries."

"The advertisement appeared in a total of 247 newspapers and magazines published in 18 different languages and dialects. Transmitted in English, the advertisement was translated at the point of receipt."

**TEACHERS ASK NO JURY CASES**

(Continued from Page 1)

majority, they were willing to attend almost any study arrangement. Thirty-five voted yes to seven no's to the question: "Would you attend a full semester course?" 25 to 1 indicated they would attend 6 or 8 meetings; 35 to 8 said they would want college credit for any such courses, while 36 to 1 said they would want adult discussion forums.

One of Doctor Mowry's main suggestions was that local groups in the counties form discussion groups in districts. He said that the present-day county-wide teacher institutes are becoming too centralized and fail to give the individual teachers an opportunity for discussion and growth. His recommendation was for the forming of groups based on the old-time "literary societies."

The teachers showed great interest in panel discussion groups for the institutes. That idea was recommended by 26 different teachers. The recommendation that more consideration be given to local problems received the largest number of votes, 31, while the need of demonstrations was voiced by 28 teachers.

**Urge Early Institute**

In reply to "What is the best time for the institute meetings?" 24 were in favor of holding them before school opens while 21 voted to continue them in October as has been the custom for some years.

Guidance counselling was the most frequently indicated course in which teachers would be interested in taking. Art appreciation, rural sociology, educational problems and English were the next in line, all with the same number of votes. Others listed were American literature, applied psychology, teaching American history and government, visual education, physical science II, elementary science, American history, history of Pennsylvania, mathematics or science, supervision and chemistry.

Doctor Mowry stressed the need for in-service training throughout his chairmanship of the discussion. "In-service training is following a philosophy of growth," he said. "The best lecture has not been given, the best book has not been written, and the best teacher has not yet been through school. We must develop in teachers the idea that they have not really started to grow."

**Offers Suggestions**

He suggested as motivation for the growth of teachers, the following: Financial remuneration, the showing of appreciation to teachers for work done, the continuance of education for advanced degrees and the recommendation of teachers for advanced positions in other schools.

A report of the discussion of the evening will be compiled by the program committee, which includes, in addition to Doctor Bream, Miss Dorothy M. Warner, supervisor of special education in the county, and Dr. Frank Kramer, professor of education at Gettysburg college. The report will be presented later to all members of the group.

Professor Stock called for a meeting of the college curriculum committee and the executive board of the council for Monday evening in the county superintendent's office at the court house. He also announced that the next council meeting will be held February 21 when discussion will center on "A Whole-some Program for the Youth of Adams County."

By vote of the council, the executive committee was authorized to set

**Bradley Resumes Former Command**

(By The Associated Press)

Lt. Gen. Omar N. Bradley possibly has resumed command of all armies in his 12th Army group on the central sector of the western front.

His command was split by Field Marshal von Rundstedt's December offensive and the northern part of his forces, including the Ninth and most of the First Army, was placed under command of British Field Marshal Montgomery. Bradley retained command of troops on the south of the Belgian bulge, including Lt. Gen. George S. Patton's Third Army, some units of the First, and one division of the U. S. 7th Army.

Censors at supreme headquarters Allied expeditionary force allowed this passage to be wireless this morning:

"The American First Army—perhaps by now back under Bradley's command—beat its way toward St. Vith."

## Story Of Founding Of Historic Emmitsburg, Maryland

(Continued from the January 4 edition of The Gettysburg Times)

Thus the night was spent in conversation until early dawn. Dillinger left Huckle's field promising to return at some time to visit John Hartel, but always to observe secrecy, that his friends may be ignorant of him. Dillinger returned home to find his parents old and feeble, this time they were glad to receive him, he is another man, he remains at home to comfort them; in less than one year both pass away; he the only heir to an estate, the income of which yields him a sufficiency; he remembers when a young man, the lady who clung to him as a school boy, a young man and enjoyed his vacation with him whose letters he gladly replied to when at college, who he forsook in his riotous life, keeping her in ignorance of it all; to his delight she was still a maid, not having sought the company of another since he disappointed her; he finds her, joyfully she receives him, and mutually they rekindle the old embers into a flame, and marry in a fortnight; sitting in his homestead, this he wrote to Huckle's field, telling John Hartel he would visit Emmitsburg with his bride the coming summer.

## Reflects on Stupidity

The house on Carriek's Knob could be seen from all the adjoining towns, Taneytown, Uniontown, Gettysburg; its bright light at night lighted with acetylene gas gave it an impressive appearance none others have. The town people delight to stand and gaze at its brilliancy as the knob looks more like a light at sea. John Hartel can sit in his house at Huckle's field and see the flash of light as it penetrates the darkness, and wonder at the stupidity of two refined, educated and social beings, whose lives were blighted in youth, who in the maturer period of life had acted so unwisely.

James Dillinger and his wife visit Emmitsburg after a few days spent in town he visited John Hartel, telling him he had visited the Cliff House and conversed with Mary Whittier; he told of Hartel's life and where he was living, when she exclaimed: "Oh, tell him to call and see me!" She had not heard he was the hermit, therefore was exceedingly astonished. I am here for the same reason he is there, to avoid the world; this was too much for Hartel. That night the buildings were all burned, nothing remained to tell of his mansion but the foundation and chimney. In the grotto lay a paper inscribed, "I come to the mountain for peace. I found it not. The Field is to remain open for all to use the fruits. It shall be called Huckle's Field to the end of time." Hartel found a home in the Holy Land where he died, the American consul burying him according to request, where no man can discover his grave.

## Did Much Good

Mary Whittier lived to do much good; she prepared her last resting place beside the rock at Indian Look Out, erecting a table with this inscription: "Life's fitful scenes are over, the mockery of society and the hypocrisy of trusted friends be-hooves all to do right, regardless of speech or acts, that would serve to point to future happiness in this world, but ends in disappointment here, estranging one from the other, past reconciliation for time, and no desire to renew it in eternity. Do right always." Mary Whittier dying, she was buried in her selected tomb. One night the lightning flash centered on the Cliff House, and a conflagration ended all the beauty of the peak of Carriek's Knob. If the citizens and strangers go to see this tomb, as they visit the tomb of Lady Stanhope and Helen Hunt Jackson, it will be no greater disappointment than was the entire drama to the actors.

## EXPECT JAIL DELIVERY

Uniontown, Pa., Jan. 18 (AP)—Additional armed guards were ordered inside and outside the county jail here on information from state police that an attempt would be made to free Nick Derembeis, recently captured fugitive from Allegheny county jail, according to Sheriff Jacob H. Echard. District Attorney H. Vance Cottom said Derembeis had confessed to burglaries in Fayette county.

## TWICE WOUNDED VET IS VISITING WITH PARENTS

Twice wounded in battle action on the western front, Pvt. James F. Wible, 22, son of Mr. and Mrs. Joseph Wible, 205 East Main street, Emmitsburg, now is at home on a 21-day furlough.

The young soldier went overseas January 1, 1944, and this is his first visit home for more than a year. Now a patient at the George Finney hospital at Promisville, Georgia, he is a veteran of four major battles in the European theater of operations.

He entered the service February 1, 1943, and trained first at Camp Livingston, La. Other points at which he underwent training were Camp Bowie, Texas; Camp Shelby, Miss., and Camp Kilmer, New Jersey.

## Fought At Metz, St. Lo

During the most of his first year in the Army, Private Wible was assigned to the medical corps, but just before leaving the United States for foreign duty he was transferred to the infantry and went through maneuvers with that branch of the service.

He went first to England with his unit and received further training there until June 10 when he went onto the continent with troops on the D-Day plus four. After action at Metz, he received his first wound in the severe fighting around St. Lo. A piece of shrapnel struck him in the back and wounded him slightly.

After a week in a base hospital in France, Private Wible went back into action and went through two other major campaigns, those of Montaine and the Moselle, before being wounded for the second time in October in Germany when a rifle bullet struck him in the left shoulder.

## Served As Rifleman

The enemy bullet pierced his shoulder and broke away a section of the shoulder bone, thus necessitating special treatment for the wound. Private Wible was again evacuated to an Army base hospital in France, but later was removed to hospitals in England and Scotland before being returned to the states.

He arrived in New York the day after Christmas. His arm still is partially paralyzed.

A rifleman, Private Wible was fighting with General George Patton's fast moving Third Army. He holds the Good Conduct medal, awarded while he was overseas; the Purple Heart medal, awarded for his first battle wound; and has been recommended for the Combat Infantryman's badge. He also will receive a second Purple Heart medal for his second wound.

The Emmitsburg soldier has a brother-hero who now is a prisoner of the Germans. He is Tech. Sgt. Charles J. Wible, 24, who has been a German prisoner of war for about a year and a half. A member of the Army Air Corps, Sergeant Wible bailed out of his airplane when it was destroyed by enemy flak during a raid over Germany, and parachuted into German hands. The Wibles have received but one letter from their sergeant-son in the time he has been held a prisoner.

Pvt. Wible attended Emmitsburg schools and before entering the service he was employed at Camp Ritchie and in Washington, D. C.

## Allies To Lend Ships To France

London, Jan. 17 (AP)—The United States and Britain have agreed to allocate a number of ships to the French government between now and April 1 to help meet France's import requirements, the British foreign office announced Wednesday.

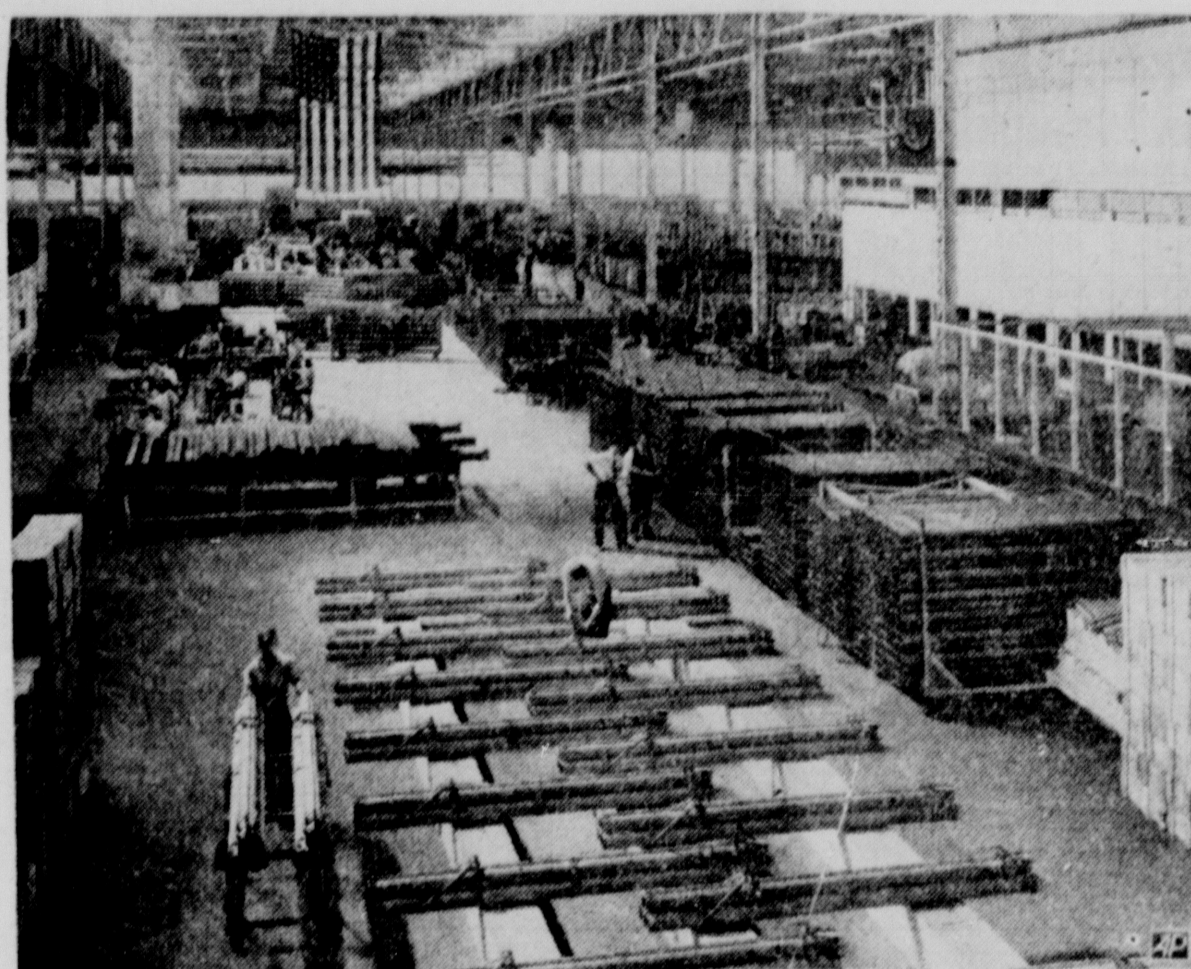

Under present arrangements, the French will have use of the allotted ships only until April 1, the announcement said, adding that "it is hoped that it will prove possible to make ships available for subsequent months."

"It is expected that it will be possible to make similar arrangements for imports into other liberated countries as soon as circumstances permit," the foreign office said.

## Thank Newspapers For Aid In Drive

Philadelphia, Jan. 18 (AP)—The Pennsylvania war finance committee thanked Pennsylvania newspapers Wednesday for their help in sixth war loan campaign.

The sixth war loan campaign, your able assistance Pennsylvania would not have attained its excellent record of accomplishment—quotas passed in all three categories," Chairman G. Ruhland Rehmann, Jr., said in a letter to publishers.

## Baby Born In War Plant Succumbs

Trenton, N. J., Jan. 18 (AP)—A baby boy born in a Trenton war plant rest room Tuesday to a 24-year-old war worker died Wednesday morning, authorities at Mercer hospital said today.

The mother, Mrs. Ethel Misiewicz, whose soldier-husband, Francis, has been reported killed in France, was described as "doing fine."

The young woman worked at her job in the C. V. Hill and company refrigeration plant on Penington avenue until a few minutes before the birth of the baby. A plant nurse attended the delivery and mother and child were later taken to the hospital.

## LEADING ACE IS SHOT DOWN

San Antonio, Texas, Jan. 18 (AP)—Death in air battle in the Philippines stilled hopes Maj. Thomas B. McGuire, Jr., had of coming home soon after nearly two years in the Southwest Pacific.

In a letter to the wife of the nation's leading active ace, Lt. Gen. George C. Kenney, commanding Allied air forces in the Pacific, revealed McGuire had been shot down and killed on Jan. 7, Mrs. McGuire as yet has received no official war department notification.

A graduate of Randolph and Kelly flying fields, McGuire received his wings in 1942. He served in the Aleutians six months without once seeing an enemy plane. But in his tour of duty in the Pacific—he would have completed two years Feb. 1—bagged 38 Japanese planes to make up for it.

Mrs. McGuire said yesterday her husband had written her thought he'd be home by Jan. 1, but when he found he couldn't, wrote he hoped it wouldn't be long.

In a P-38 named "Pudgy," so christened because of a nickname he had for his wife, McGuire wrote a thrilling saga across Pacific skies, one that placed him second on America's roll call of air aces. When Maj. Richard I. Bong, with 40 planes returned to the United States, he became the leading active ace.

## Fifth Victim Of Fire Dies Today

Downingtown, Pa., Jan. 18 (AP)—Jacob Habecker, 69, died Wednesday, fifth fatality in a fire that destroyed his home at nearby Millford Mills Tuesday.

The other victims were Mrs. Helen McCulley, 45; her daughters, Edith, 15, and Ethel, 21, and Ethel's son, Robert, 6.

The fire started when Mrs. McCulley, Habecker's housekeeper, built a fire in a wood range, using kerosene, which flared back and ignited her clothing.

## CHURCHILL AND STALIN AGREE ON BALKAN PACT

By JAMES F. KING

London, Jan. 18 (AP)—Prime Minister Churchill announced today that he and Premier Marshal Stalin had agreed on a joint policy for the Balkans and added that if King Peter of Yugoslavia failed to concur he would be ploughed under by "the march of events."

"This agreement," Churchill told Commons, "raised no question of divisions of territory or spheres of interest after the war."

At the very outset of a scheduled two-day debate on the world situation, the Prime Minister predicted that within a few months—or perhaps sooner—the Germans would be "driven out of Italy or will perhaps withdraw."

"Populous districts of northern Italy which have been stripped bare of food by the retreating Germans," he warned, "will be thrown upon the fragile structure of the Italian government which cannot be accurately foreseen and certainly not measured."

## Do Not Need Italy

The stocky Prime Minister declared flatly that Britain did not "need Italy as a partner."

"We need Italy no more than we need Spain," he said, "because we have no designs which require support of such a power."

He complained that it had fallen to Britain to play the "hard lot" of a leading part in the Mediterranean and warned that "we must take care that all the blame of things going wrong is not thrown on us."

Then he repeated that Britain had only one principle about liberated countries or repentant satellites and that was — "government of the people, by the people, for the people, set up on a basis of free and universal suffrage election with secrecy of the ballot and no intimidation."

His definition of Britain's foreign policy in the newly freed Europe brought cheers from the house.

"To that goal," said Churchill, "we try to make our way across all the difficulties, obstacles and perils of the long road."

"Trust the people to make sure they have a fair chance to decide their destiny without being terrorized from either quarter or regimented. There is our policy for Yugoslavia and Greece. For that we shall strive and for that alone."

## WORK OR FIGHT LAW DOES NOT SEEM HOPEFUL

By JAMES MARLOW

Washington, Jan. 18 (AP)—Don't bet on Congress passing a national service law of any kind until you see it on the books.

A few details have to be considered first.

The purpose of such a law would be to compel workers under threat of some kind of penalty—draft into Army work units or fines and imprisonment—to take an essential job or one assigned them.

President Roosevelt wants such a law, fast, to cover men between 18 and 45. He acknowledged there might be some "differences of opinion on the details."

The request has whipped up enthusiasm among some Congressmen. Representative May (D., Ky.), chairman of the House Military Affairs Committee, is all for speed.

His committee has been holding hearings on national service legislation. The Army and Navy are for it. Labor and industry are against it.

## House To Senate

But detail No. 1: How quick will the action be? May says he hopes his committee will be able to polish up a bill by Monday. Then the bill goes to the House for debate and action.

May hopes action may be taken by the end of next week. Granted the House passes it. Then it goes to the Senate. Comes the question: What will the Senate Military Affairs Committee do with the House measure?

After that it's the Senate's job to debate and vote. All of it takes time.

Here are some questions:

First, whom would the law cover: men who are not in essential jobs and refuse to take them or all men? If a man is in essential work, can he remain there with a feeling of security?

## Labor, Strikes?

Would a man be punished by induction into an Army labor battalion? Would such a battalion be used only for work around military camps? Or could it be sent into a war plant to work at Army pay beside civilians working at union wages?

And what would labor unions say

about that? Would there be controls over labor unions? Would a man forced into a war plant have to join a union? Would the law forbid strikes? And what about controls over management?

Could a war plant owner precipitate a strike to wreck a union, knowing the Army would rush workers in to take the strikers' places.

And if a man in Nebraska was told to take a choice between a fine

and imprisonment or going off to a Connecticut war plant, who'd pay the transportation of himself and family?

And when he got to Connecticut, what about housing if it was scarce?

And what about wages? Would a man forced out of one job into a lower-paying job have to take those lower wages? Who, if anyone, would make up the difference?

And who'd administer the law?

# HOUSE GROUP SEEKING NEW SERVICE LAW

By WILLIAM F. ARBOGAST

Washington, Jan. 18 (AP)—Spurred by a new plea from President Roosevelt and Army-Navy heads and by disclosure of heavy Army personnel losses, the House Military Committee today began whipping into shape today a work-or-be-drafted bill.

It hopes, said Chairman May (D-Ky.), to reach agreement on the limited national service proposal by nightfall and to clear the way for actual House consideration by the middle of next week. That would be fast moving.

Still to be threshed out behind closed doors are such vexing matters as what age groups should be affected by the legislation, what penalties should be imposed on violators, what union rights should be protected or waived in the proposed shifting of draft-deferred men from non-essential to essential jobs.

## Seek Early Action

But there was almost unanimous agreement as the committee concluded more than a week of public hearings yesterday that some form of action be imperative immediately.

That the committee intended to lose no time acting was indicated by its sudden decision to close the hearings a day ahead of schedule after the President, General George C. Marshall and Admiral Ernest J. King reduced to writing their requests for action.

"The urgent need" for legislation "has not lessened but has increased since the sending of my message" to Congress on January 6, the President wrote May.

While not a complete national service act, the President wrote, May's bill which the committee has under study "will go far to secure the effective employment in the war effort" of all draft registrants between 18 and 45.

The President thus endorsed the May bill, leaving to Congress the matter of detail but stressing the need for speed.

## Ask 700,000 Workers

To add force to his plea, the President sent May a joint letter from Marshall and King stressing the need for a minimum of 700,000 additional industrial workers "if our urgent needs are to be met."

Marshall and King underscored the "acute need" for young and vigorous Army-Navy replacements, a need which Undersecretary of War Robert P. Patterson had told the committee would approximate 900,000 men by July 1.

The legislation which the President endorsed and which Army and Navy heads previously had backed provides for the induction into Army-Navy work units of men between 18 and 45 who refuse to follow the directions of their local draft boards and accept and retain jobs in the war or war-supporting industry.

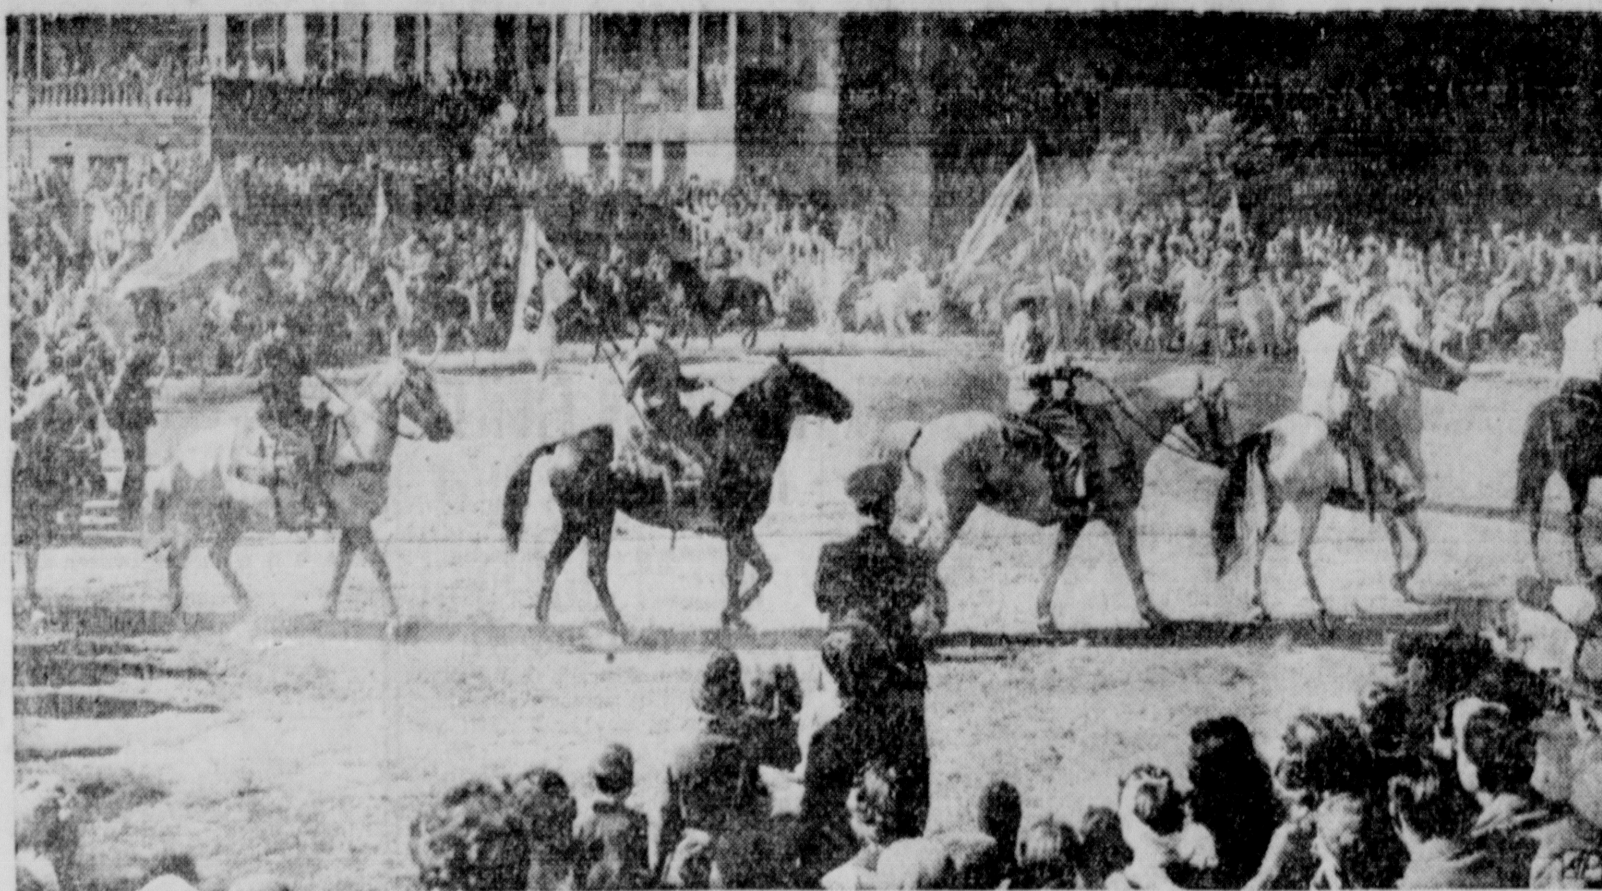

## Cafe Operators And Clergy Don't Agree

Philadelphia, Jan. 17 (AP)—Local night club and cafe operators and members of the Methodist Ministers' Association of Philadelphia have filed divergent views on the closing of amusement places with War Mobilization. Director, James P. Byrnes.

The clergymen said Tuesday they urged Byrnes to close night clubs and similar amusement places in order to release men for war work and reduce absenteeism.

A short time later the cafe owners of metropolitan Philadelphia released the contents of a telegram in which it said: "We absolutely repudiate the irresponsible assertion that we are accountable for absenteeism x x x."

The guild said it is ready to co-operate in meeting the manpower problem, but that it does not "subscribe to the principle that closing legitimate business is the proper method."

PATIENTS SEE RODEO ACTS—For the benefit of patients at Bellevue hospital, New York City, performers in the world championship rodeo at Madison Square Garden stage a show on the hospital grounds.

## Says Veterans Are Getting 'Gold Bricks'

Philadelphia, Jan. 17 (AP)—"Veterans headed for farms are being sold agricultural gold bricks almost before they are out of uniform," Regional Director J. H. Wood of the Farm Security Administration said Tuesday.

Wood told FSA directors from 11 northeastern states that he knew of several veterans who have been "high pressured" into buying farms of dubious value. "Shrewd promoters," he warned, "are already laying traps for servicemen who can be made suckers with a smooth sales talk about the glories of nature and the fine easy life on the farm."

He urged returned servicemen to avail themselves of guaranteed loans under the GI Bill of Rights. States represented were Pennsylvania, New Jersey, Maine, Vermont, New Hampshire, New York, Baltimore, Delaware, Connecticut, Massachusetts and Rhode Island.

The American Historical Association maintains a study room in the Library of Congress.

# THREE LEADING RED GENERALS LEAD ASSAULTS

By HENRY C. CASSIDY

Washington, Jan. 18 (AP)—A surprise shift in the Red Army line-up has put Russia's three most brilliant generals at the head of her three most powerful army groups in the general advance across Poland. Almost unnoticed amid the stream of victory bulletins from Moscow was the designation of new front commanders, but this news was taken by experienced observers as confirmation of the significance and potential far-reaching results of the Red Army's grand winter offensive.

The center of the front was assigned to Marshal Gregory Zhukov, Russia's No. 1 soldier, sent out from the council chambers of the Stavka, or general staff, to new, active command of the first White Russian front. His first great prize, captured yesterday, was Warsaw.

## Led Warsaw Attack

Zhukov took the place of Marshal Constantin Rokossovsky, who was moved over to command of the second White Russian front, on Zhukov's right flank. Marshal Ivan Konev remained as commander of the first Ukrainian front, on Zhukov's left flank.

Rokossovsky, a big, handsome soldier with a flair for the dramatic, headed an army during the battle of Moscow, commanded the Don front in the battle of Stalingrad, and led the first White Russian front last summer to the suburbs of Warsaw.

He drew another important assignment in his new post with the second White Russian front, entrusted with protection of Zhukov's forces against any German counter-attack north of Warsaw. Rokossovsky succeeded the little-known General Zakharov on that front.

Shaven-headed Marshal Konev, who started the winter offensive January 12 south of Warsaw, led an army in the battle of Moscow, commanded the Steppe front which captured Kharkov in 1943, and took command of the first Ukrainian front last year from Zhukov.

# Four Sentenced On Conspiracy Counts

Wilmington, Del., Jan. 18 (AP)—Four persons are under prison sentences Wednesday on charges of conspiracy, use of the mails to defraud, and violations of the Securities and Exchange act.

Federal Judge Paul Leahy, imposing the sentences, also fined the Wilmington Fire Insurance company and the Underwriters Syndicate \$26,000 each on the same charges. The Underwriters Syndicate was associated with the insurance company in selling stocks.

Individuals sentenced were William E. A. Wheeler, six months, suspended; Morris Davidson, six months; Franklin Lamon, 15 months; and John J. McCann, eight months.

## JOSEPH BERGER VISITS OLDEST ENGLISH CITY

This is the third in a series of letters from Sergeant Joseph D. Berger, son of Mr. and Mrs. Clyde D. Berger, Carlisle street, relating his experiences in England:

"Just returned to camp after a business trip to some of the surrounding country with three officers and four enlisted men. It was an inspection tour of such a nature I can't reveal; but I've many, many things to tell you concerning the pleasure I had on my off hours.

"Quite frequently I visited the very quaint town of Chester, built in 67 B. C. It was really old looking and packed with historical facts. As I walked down the little streets, twisting and curving in every direction, I noticed the many picturesque English shops, homes and churches. Naturally, I was very much impressed and curious. On inquiring, I found Chester to be one of the oldest cities in England, having an old Roman and Saxon wall surrounding it, a cathedral and the traditional pubs.

"Although there was the usual small sidewalks bordered with all types of shops, there was a very strange fact to observe. Above these sidewalk shops was another rather wide walk with more shops bordering this. This top walk was covered with buildings. These were called 'roads' and were originally used to fight off invading forces once they got into the town.

### Keepsake of Ivy

"The huge wall still surrounds the old town and was half built in 6 B. C. (probably under Julius Caesar's direction) by Romans and the remainder built by the Saxons in 13 A. D. The height of the wall varied in different places and it was about seven feet thick. Chariots used to drive over it. The gates through the wall are all different and massive.

"I walked along the walls and watched the river flowing under the moonlight, the silhouetted houses, the numerous lovers, the lookout tower, a castle and the cathedral. From ancient times a curfew bell has rung for 10 minutes every night at 8:50 o'clock to warn the people to get inside the gates because they were closing for the night. It still rings and when I heard it I was reminded of the old Gettysburg college clock. Near one of the walls lies an old Roman stadium, once used for chariot races and now in peace time used for horse racing (and has become rather famous as such.) I pulled some ivy from the wall for a keepsake.

### Visit to Cathedral

"My visit to the cathedral was most opportune and most uplifting. I arrived there on Sunday just in time for the evening service. Throughout the service (Church of England) I was amazed by the massive stone pillars and walls, the high arches, the tombstones along one side wall, the beautiful pictures along the other side, the exquisite altar enriched with a flow of light over it, and the huge doors. After the service I walked around with two other English fellows and looked over many of the interesting points. They had read a book on the cathedral and knew some things to look for. We visited one room formerly used by the clergy as an ecclesiastical court. Then the fellows told me some of the history of the place—it was built on the site of an old monastery by hand in the 15th century and is still being excavated. The beautiful pictures along the one side on closer observation turned out to be lovely mosaics (pictures formed of chipped marble and mortar.) They were absolutely beautiful and were formed by the Italians quite some time ago.

"The inscriptions on the tomb stones were extremely interesting to read. We observed the seven different chapels within the cathedral each one dedicated to a different subject—missionaries, women, sailors, soldiers, air force, children, and the main one. The small chapel located directly in back of the altar of the main chapel was most gorgeous.

"The lovely stained glass window above an altar of wood and gold supported on a marble inlaid floor—the polished pews within this chapel were all hand-carved by monks. One of the figures supporting the arm of a chair caught my eye. I found out that it had been carved by a monk, who was trying to picture an elephant although he had never seen one.

### Visited Liverpool

"Hanging within the corridor are two flags, each with its own historical story. One was held aloft by a wounded veteran aboard the ship Manchester after everyone else had been killed. The other flag was wrapped about the body of General Wolfe, killed in the Battle of Quebec, and had formerly hung in the tower of London until the war.

"We peeped out of one of the huge doorways into the cloisters surrounding a court yard and terminating at the opposite end with the old monk's quarters. It was too dark to see much, but it was very interesting anyway. In the rear of the main chapel there was a hard-carved stone font (baptismal basin) which came from Italy in 1500. It was rather big and was lined with copper and covered by a fancy metal and satin cover. Next we visited a

### Chapter 27

That night, absorbed in his thoughts, his memories, his dreams of the future he did not hear the footfall on the wide veranda. Not until there came a knock at the door was he aware that he had a visitor.

He rose, puzzled, and glanced at the clock. Almost eleven. Who, in River Gap, would find business so urgent that he would venture out at this time of night on a dark and lonely road?

He unfastened the door and swung it open. A man stood there in the shadows, out of reach of the freelight and the lamplight. Hugh said, puzzled, "Well, what is it?"

Dan Lacey stepped into the light, and said darkly, "Want to talk to you, Prather—but I wanted to be sure you were alone."

"Come in, Lacey. I'm quite alone," said Hugh. He fastened the door, and followed Lacey towards the fire. "Sit down."

"Thanks, I'll stand," he said gruffly. "I just came to tell you, Prather, that River Gap isn't big enough to hold you and me both, and one of us has to get out."

"Then I'm afraid it's going to be you, Lacey," Hugh assured him quietly.

"I think I can persuade you," said Lacey thinly. "I'm giving you fair warning: you and Webb and that smart Aleck of a Gordon have been on my trail for months—but you haven't found out anything, have you? Not even when you put a spy right in my own place."

Lacey went on after a moment. "I'm prepared to buy the lodge from you, and that's about the only thing you own here that would make you want to stay. It'll make a nice place for Isabel when she marries."

"Just why is it so important for me to leave River Gap, Lacey?" he demanded mildly, though his eyes were blazing.

Lacey smiled sarcastically. "I want to be mayor," he announced succinctly.

"What you really want to be free to do is go on backing these moon-

tomb of a famous bishop of that cathedral erected to the left of the altar in the main chapel (Bishop Pearson, writer of "Exposition of the Creed," died 1688.) It was a very elaborate affair of white marble. A figure of the bishop adorned the top of the tomb with two large eagles resting at his feet. The sides were inscribed with Biblical passages and adorned with many figureheads.

"One afternoon we drove the 18 miles from Chester to Liverpool and spent the afternoon there sight-seeing. Since it was very windy and cold we didn't run about very much. The first attraction was the lengthy tunnel going under the river before entering Liverpool. It had within it a four-lane highway of steel plate and several branches going in different directions. Upon emerging from this tunnel (Mersey Tunnel) we were in Liverpool.

"Churches Bombed  
"Immediately we gazed at the many areas wrecked by bombs and noted one strange fact—in one section of the city it seemed that they had only bombed churches; for, about seven churches within this small vicinity had been demolished and nothing else. Isn't that cruel? Naturally there was also many other areas wasted, especially along the docks.

"On seeing a large crowd forming along the street, we had thoughts of a parade. After parking the vehicle, we clamored out and mingled with the crowd. It was a parade celebrating the organization of the British Home Guard. Besides the regular bands, Scotch kilty bands helped furnish the music.

"After this we drove to the Liverpool cathedral and observed it from a distance. It is a huge structure which has been in building construction for 20 years and is still being built. Bombs have set back the construction three years. Only three old stone masons have been working on it since the war began so the work hasn't been progressing very fast. However, most of it is there and it is truly inspiring—the tall tower and the numerous steps leading to the main entrance. The cathedral is built completely of masonry and only a little steel in one section. When completed it will be a magnificent structure and equal to many of the other beautiful ones in England. When we finished observing this we returned to camp and the warmth.

"Funny English Railroad  
"The camp at which I stayed was very nice and its bathrooms and mess hall facilities were far superior to our present camp. Finally, we left the camp and returned to our own over the funny English railroad system—separate compartments for all.

"I can't help remembering that Christmas is just around the corner again and I'll not be home to decorate the tree or make the garden. You know how much I love this and how much I'll miss it—let alone missing my dear ones! Please remember me to everyone and have a wonderful and glorious Christmas in spite of all your boys' absence."

"The girl said evenly, 'I was in the back of the car. You didn't look to see if there was anybody there. I was in town and I decided to wait and ride home with you.'

Lacey looked everywhere but at the girl, unable to meet the accusingly, dark gaze in her dazed eyes.

"You're backing the moonshiners, Dad," she said after a little, her voice thick with tears, rough with her effort at self-control. "And the taverns—oh, Dad!"

Hugh saw Lacey's body stiffen. His hand seemed to have frozen to the doorknob.

"Isabel!" His voice was little more than a gust of sound, frantic, dazed. "Where—where did you come from? What are you doing here?"

"Why, Mr. Prather, how can you think I meant such a thing?" he said so softly that his voice was almost a purr. "If a man decides to drive in to town from his mountain place and the car skids off the narrow, rough, curving road and the man is killed—well, who could possibly say that was not an accident?"

Hugh stared at him, startled, incredulous.

"You are actually threatening—" he began in amazement.

"I am saying, Prather, that unless you sign a deed to the lodge, and also sign a statement that you have completed your investigations and you are unable to give any hint as to whom is backing the moonshiners—then you are going to be put forcibly into your car and driven off the road at the curve down there where there's a sheer drop of a thousand feet. By the time you land, nobody in the world could doubt that you had met with a regrettable accident."

"I'll see you dead in Hades before I'll sign anything—" Hugh began angrily.

Lacey shrugged, and turned to the door, his hand on the knob as he said over his shoulder, "Have it your own way. I'd have pre-

ferred it the other way, but the choice is yours."

The door of the dining room opened and a girl's voice, sick and shocked until it was completely without expression, said quietly, "Wait a minute, Dad."

Hugh saw Lacey's body stiffen. His hand seemed to have frozen to the doorknob.

## THINKS SENATE FAVORS WORLD PEACE GROUP

Washington, Jan. 18 (AP)—Senator George (D-Ga.) estimated today that a treaty providing for United States' participation in a collective peace preserving organization could be put through the Senate with four to six weeks debate.

The submission of such a treaty, he observed, would presuppose that questions left unsettled after the original Dumbarton Oaks conference can be adjusted at a forthcoming meeting of President Roosevelt, Prime Minister Churchill and Premier Stalin.

"I anticipate that points held open after Dumbarton Oaks will be very thoroughly discussed," he told reporters, "and I imagine that a lot of them will be settled."

"Following that conference, I think we may expect a very early consideration of the security program."

### "Master Plan"

If all remaining points of difference were settled, or if they were clarified enough to open the way for possible adjustment, George said he expected to see representatives of the United Nations called into session again to get together on an agreement for formal submission to their respective governments.

Should a master plan develop as rapidly as George foresees, it may eliminate the necessity for any interim proposals such as have been suggested by Foreign Relations Chairman Connally (D-Tex.) or by Senator Vandenberg (R-Mich.).

Connally proposed formation of a provisional council to study and advise on European problems while the permanent peace machinery is being put together. Vandenberg wants a four-power agreement to demilitarize Germany and Japan.

## Gil Dodds Quits Track; Up To Hulse

Miami, Fla., Jan. 18 (AP)—Now that Gil Dodds apparently has called it quits, Ensign Bill Hulse is hopeful of a chance to uphold America's colors against Sweden's Gunda Haegg in the winter track games.

All Hulse needs is a couple of weeks in which to get into shape—and the Navy's permission.

The 24-year-old former New York university runner now reigns as this country's chief threat against Haegg. Dodds' retirement was announced yesterday by his coach, Jack Ryder. Hulse was surprised to learn of Dodds' action.

beaten Haegg this winter, it was certainly Gil," Hulse said.

"He should be in much better shape than I am, and I hope he will change his mind. He's a grand fellow, a square shooter and the game will suffer if he does quit."

## Boche Repulses American Patrols

Rome, Jan. 18 (AP)—American patrols attempting to reach San Ansona just west of the Florence-Bologna highway were turned back Tuesday by bitter enemy small arms fire. Allied headquarters announced today.

Sharp skirmishes occurred at several other sectors of the Italian front as patrols probed enemy positions in poor visibility caused by snow and rain, but there were no chances on any Fifth or Eighth Army forward positions.

On the Fifth Army's right flank long range machinegun fire raked Allied positions in the area of Monte Battogliola.

## ACQUIT FORMER MAYOR

Hollidaysburg, Pa., Jan. 18 (AP)—Former mayor of Altoona Charles E. Rhodes was acquitted by a jury yesterday on charges of misbehavior in office and ordered to pay costs. He was charged with failure to report to the quarter sessions of court gambling machines confiscated in raids.

## CRUSHED BY ICE

Butler, Pa., Jan. 18 (AP)—A tree which he and a companion were cutting fell and crushed to death James F. Easley, 74, of Chicora R. D. 1.

## Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FAST DENT, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, goopy, pasty taste or feeling. Get FAST DENT today at any drug store.
